MORE TRAFFIC LIGHTS BITE THE DUST

The opening of two overpasses tomorrow to carry traffic over Highway 101 will eliminate all traffic signals on the highway from the Golden Gate Bridge to Novato, the State Division of Highway announced today.

The two spans are parts of a $4,240,916 state highway improvement project from Ignacio to Miller Creek Road in Marinwood.

The overpass at San Jose Boulevard (photo at right) will do away with the signals at Entrada Drive just north of the structure. Tomorrow, if all goes well, motorists can use the overpass to cross to the frontage road and the nearby tracts.

The overpass at Pacheco Creek (left), south of Hamilton Air Force Base will do away with the need for signals at the entrance to the base.

Work on widening the freeway, in this section, including addition of a lane for slow trucks on St. Vincent's Hill, should be completed by the end of the year.

The State Division of Highways also announced today that bids will be opened July 1 on a widening, resurfacing and drainage job on 4.9 miles of Highway 101 from the Sonoma County line to a point a half mile north of State Highway 37. The job is estimated at $180,000.

Indians Mourning Death Of Leader

COMBINED AP & UPI

NEW DELHI, India — Prime Minister Jawaharlal Nehru, the aristocratic statesman who led India in the paths of neutralism and socialism since it became independent in 1947, died today after suffering his second stroke in less than five months. He was 74.

Home Minister G. L. Nanda, a senior Cabinet member who has a reputation for getting things done, was sworn in as acting prime minister.

Officials announced Nehru's body would lie in state in his residence and the doors would be open all night to let people file by him.

Tomorrow morning, the body will be "taken out in procession," as Indians say, through the streets of the capital to the burning ground.

Nehru will be cremated at a spot near that where Gandhi was cremated in 1948. A memorial to Gandhi was completed there last year.

A million Indians began to converge on Nehru's residence.

By the time his body, draped in white cloth, was brought downstairs and placed on a raised platform to lie in state, a milling crowd two miles long was lined up outside.

HIS MEMORIAL

In Washington, President Lyndon B. Johnson led the nation today in mourning the death of Nehru, and said the Indian prime minister's most fitting memorial would be "a world without war."

Secretary of State Dean Rusk arranged to fly to India for funeral services.

In London, Sir Alec Douglas-Home said he would fly to India this afternoon for the funeral. Buckingham Palace said Queen Elizabeth II would be represented by Earl Mountbatten, who was India's last viceroy.

DEBATE STOPS

At the United Nations, Nehru's death brought a halt today to the Security Council's Southeast Asia debate.

Council President Roger Seydoux opened this morning's scheduled session with a tribute to Nehru and a minute's silence in his memory.

Home Minister Nanda was sworn in by President Sarvepalli Radhakrishnan. An elderly philosopher renowned in world academic circles, Radhakrishnan was charged under the constitution to take over the government on the death of the prime minister. But Nanda was quickly chosen to handle the administrative details.

Nehru was stricken as he arose at his usual hour. He died seven hours later. A stroke on Jan. 7 had partially

Sausalito Council Hears Complaints Of Tax Roll Foes

Broemmel's Name Oft-Mentioned; Opposition Sets Strategy Meets

By BRUCE COLEMAN

County Assessor Bert W. Broemmel's name was mentioned often last night as Sausalito residents protested to the Sausalito city council over recent property reappraisals.

Councilmen heard letters, vocal complaints, and then, on suggestion of Councilman Melvin S. Wax, asked City Mgr. Charles A. Brown to give them a report June 9. It should include, suggested Wax, the total increase and assessment in Sausalito, the percentage of increase, and a comparison on the increase in relation to other places in Marin.

Two meetings were announced where citizens might gain more information and be heard. The Sausalito chamber of commerce president said an assessment information bureau would open today at 815 Bridgeway and the chamber would provide transportation to the Civic Center, for those who have none, to see the assessor.

There will be a meeting June 4 at 8 p.m. in Central School sponsored by the Sausalito Citizens Council, announced Glenn T. Hall, president. He said the three B's will be there—Broemmel, County Administrator Alan Bruce and Supervisor Peter H. Behr.

A meeting will be held a week from today at 8 p.m. in IDESST Hall by the Sausalito taxpayers committee "to combat the assessment boost."

Chairman Robert Goshen said those attending are invited to bring assessment notice numbers of their property and last year's assessment figures for real estate and improvements. The information will be studied by the committee for a further protest to the county.

Broemmel is to attend and Mrs. Marian Warnick Frick of Sausalito is to handle compil-

Blair Write-In Drive Opens In Tax Protest

The Sausalito Committee for Equitable Taxation announced today a write-in campaign on next Tuesday's ballot for J. Walter Blair of Mill Valley as county supervisor from the third district.

"This campaign is a direct result of the proposed reassessment of Sausalito in which properties have been hiked 100 per cent and more in value without any promise of tax reduction," said John B. Ehlen, committee chairman.

Blair, who lives at 81 Cascade Drive and is owner of a chain of self-service laundries, served as supervisor from the third district from January, 1961, until his recall on Dec. 5 of that year. Peter H. Behr of Mill Valley, present supervisor and sole candidate in the upcoming election, won election when Blair was recalled.

Ehlen, a former Sausalito mayor and who served many years as Sausalito city attorney, said Blair has stated "I am available if elected."

"Had the voters known about this outrageous reassessment before the closing time for filing for the office of supervisor, we would have filed

MYSTERY WOMAN IN ANSHEN DEATH

Blonde Seen At Scene Of Fire At Home Is Questioned But Identity Not Told

A blonde woman, barefooted and only partially clothed at the scene of a fire Sunday night at the DeSilva Island home of S. Robert Anshen, 54, on Richardson Bay, may be key to the mystery of both the fire and death the following day of the award-winning architect.

Marin County Sheriff's Deputy M. J. Conlin reported spotting the woman, in her 30s, behaving in erratic manner when he arrived at the scene about 10:20 p.m., and said he had to forcibly remove her from the swirling smoke within the home.

Both Sheriff's Inspector Marco Melovich and Earl Guisness, special agent with the National Board of Fire Underwriters, called into the case, have talked with a woman — presumably the same one—but have not released her identity.

Deputy Conlin in a report to Fire Chief Carl O. Heynen Jr., Alto-Richardson Bay Fire Department, said he saw a woman enter the house while it was burning. He said she was barefooted, wearing only pedal-pusher pants and a light pink-colored robe, and that he also entered to locate her in the heavy smoke.

Conlin said he found her 15 feet from the doorway, and she said a man was inside. He said it was necessary to forcibly lead her outside to safety. Once outside, he said, she told him no one was within and that she was only turning on lights to help firemen.

Conlin termed her incoherent and said two or three more attempts were made by her to re-enter to "turn on lights." He said he next observed her talking outside to a young man about 27 years old, and the latter was attempting to persuade her to wrap her robe more closely.

He said the man was then seen carrying the woman away from the scene afoot. Conlin said he recalled the woman on an earlier occasion had identified herself as Mrs. Anshen, but upon another meeting Conlin said she instead said she was an artist employed by Anshen and was living at the DeSilva Island residence.

Inspector Melovich said alarm to the fire was given by the woman he talked to after she fled the house to home of Hilary A. Belloc, 61, builder of the Anshen house in 1940. Mrs. Belloc phoned the fire department and the other woman apparently returned to scene of the fire.

Chief Heynen said today some evidence of fuel and electrical failures near the furnace of the Anshen home basement has been found. He said this evidence, including pipes and wiring, has been sent to Sacramento laboratories of State Bureau of Criminal Investigation and Identification to be checked.

Cause of the fire has still

Doctor, Woman Are Arraigned

Dr. Sherman Wirt, 58, of 104 Walnut Avenue, Corte Madera, and his female companion, Helen Carlson Calani, 44, were arraigned on a murder charge before Justice of the Peace Edward S. Colletti yesterday in Virginia City, Nev.

The two are charged with killing Virginia City contractor Richard Ghillotti, 59, at the contractor's home Saturday night.

Mrs. Calani has given police the address of 101 Walnut Avenue, Corte Madera, but neighbors calling the Independent-Journal insisted that this is incorrect and that Mrs. Calani never lived there.

Oldsters' Bond Issue Discussed

County Administrator Alan Bruce yesterday presented a list of 12 fields he said should be represented on any committee studying the proposal made last week to float a bond issue to defray the cost of property taxes on old persons living on fixed incomes.

Under the proposal, the property owner would have part of the property tax bill deferred, paying only 7 per cent interest, but the county would take over the property on the death of the owner. The bond money would be used to pay governmental costs during the interim.

Bruce said the group should include a commercial banker, executive officer of a savings and loan association, an investment banker, a life insurance actuary, a bond attorney, a certified public ccountant licensed to practice before the internal revenue service, a tax attorney, a fee appraiser, a representativ of the real estate board, an economist, a representative of the council for community services, and a county supervisor.

Chairman William A. Gnoss said a farmer should also be included.

The board then voted to ask organizations in the county, especially the Marin County Development Assn., to propose names for such a study committee.

Sausalito Tax May Be Cut To Longtime Low

The City of Sausalito's budget for 1964-65 may be cut $10,000 from the current one and the tax rate may drop 10 cents, the city council learned last night.

The budget decrease will be the first since 1955-56, said City Mgr. Charles A. Brown, and the first budget financed with a tax rate below $1.25 since 1942.

This years tax rate is $1.35 per $100 assessed valuation. Brown said the 1964-65 tax rate is expected to fall below $1.25. This year's current budget is $623,175 and the tentative 1964-65 budget is $612,760.

Reason for the decrease, Brown explained, is that building, land and equipment needs will be down next year.

The finance committee will hold its first budget session at 7 p.m. Monday in city hall.

Brown Jibes At Unruh Assistance To Pierre

SACRAMENTO (AP) — Gov. Edmund G Brown said today that Assembly Speaker Jesse M. Unruh is playing a major role in Pierre Salinger's campaign for the Democratic U.S. Senate nomination.

He said Unruh furnished material to accuse State Controller Alan Cranston, Salinger's principal opponent, of selling appointments as state tax appraisers in return for campaign contributions.

"I was sorry to see the Speaker move in by giving material to Sen. Jack Schrade, who is one of the most reactionary Republicans in the state," Brown said.

The governor, at his news conference, predicted Cranston will defeat Salinger in a close race and win election in November to succeed ailing Sen. Clair Engle (D-Calif.).

He also predicted victory for Gov. Nelson Rockefeller of New York over Sen. Barry Goldwater of Arizona in next Tuesday's California presidential primary.

And he said he is confident that his slate of delegates to the Democratic National Convention will defeat a delegation headed by Mayor Samuel Yorty of Los Angeles.

Brown, who has backed Cranston in the Senate race, called the charge that Cranston had sold inheritance tax appraiserships "an unfair charged."

He said Cranston was "deeply hurt personally but not politically," by the charge made by former appraiser John O'Keefe of Alhambra that he got his appointment for a $4.000 con-

SAN FRANCISCO (AP) — Roman Catholic Archbishop Joseph T. McGucken has denounced Congress of Racial Equality picketing of the Bank of America as "damaging to the cause of civil rights." Martin Luther King, said yesterday that CORE has pronounced the bank "guilty without due process of law."

Oklahoma Demos Defeat Edmondson

OKLAHOMA CITY, Okla. (AP) — Oklahoma Democrats last night tapped Fred Harris, a 33-year-old attorney, as their man to tackle the pride of the Republicans — ex-football coach Bud Wilkinson — for the U.S. Senate.

Harris

Harris swamped incumbent Sen. J. Howard Edmondson, whose meteoric rise in politics was cut short by sudden and overwhelming defeat.

Even more surprising was the victory of under-aged Jed Johnson over Sixth District Rep. Victor Wickersham, an 18-year veteran of the lower chamber. The minimum age for a congressman is 25—and Johnson won't be that old until December.

Johnson

Harris received 270,928 votes to 172,785 for Edmondson.

Johnson, who just barely won a runoff spot against Wickersham after the May 5 primary, had 42,185 votes to 40,973 for Wickersham with all precincts reported.

Edmondson was elected governor in 1958. He resigned to accept appointment to the Senate after the death of Robert S. Kerr.

It is the final two years of Kerr's term which is involved in the current campaign.

Goldwater Turned Down In Florida

MIAMI, Fla. (AP)—A delegate slate pledged to Sen. Barry Goldwater was turned down by Republicans, and a governor sworn to erect barriers against civil rights was nominated by Democrats in yesterday's Florida primary.

Burns

Goldwater's chances of Florida support at the national convention were not erased. But they were weakened by election of a slate headed by Tom Fairfield Brown, state Republican chairman.

Hayden Burns, 52-year-old mayor of Jacksonville and a tough-talking foe of the civil rights bill, won the Democratic nomination for governor. That means almost certain election in November against Republican Charles Holley, a state legislator.

'Lynch Him,' Cries New York Whites

NEW YORK (AP)—"Lynch him. Kill him," shouted a mob of whites outside a bar where a Negro was being questioned about the holdup murder of a white bartender.

Cook

The victim was the third white man attacked by Negroes near the western edge of Harlem in five days.

Police had to call in reinforcements last night to push through the mob to a patrol car with the Negro. They said early today that the man, Alonzo Cook, 20, of Harlem, had admitted the shooting. He was booked on a charge of homicide.

Police said the bartender, Gerald Esmond, 55, was talking to a lone customer when the gunman entered and said, "Give me your money."

"Are you kidding?" Esmond asked, and was shot twice. The gunman grabbed $40 from the cash register and fled.

IT'S OPEN SEASON ON UNSURE VOTER

Both Rockefeller, Goldwater Concentrating On Persuading Uncommitted GOP Elements

LOS ANGELES (AP) — Sen. Barry Goldwater and Gov. Nelson A. Rockefeller continued orating their way through California today, chasing that undecided voter who holds the key to 86 valuable convention delegates.

In Santa Barbara Tuesday, the New York governor clearly beamed his appeal at voters who hadn't made up their minds—in an area where Goldwater forces are strongly organized.

Goldwater, campaigning from Monterey to San Diego, said he also believes undecided voters will call the shots in the primary election next Tuesday.

"We find a larger number of people undecided at this point than I've ever experienced in my political life," Goldwater said. "Today, frankly, it's a flip-up."

He estimated that 20 to 40 per per cent of the voters are undecided in some precincts. But, he contends, Rockefeller "can no more get nominated in the July 13 GOP convention than jump over the moon."

The California Poll, based on May 20-23 samplings, has Rockefeller leading Goldwater 46 to 33 per cent, with 21 per cent undecided.

Rockefeller said, however, "I'm not taking California for granted."

In a news conference in San Diego, Goldwater tried on the "responsible Republicanism" shoes described Monday by former President Dwight D. Eisenhower.

Goldwater maintained his foreign policy ideas are "precisely the Eisenhower-Dulles position."

Rockefeller said, however, that the Arizona senator doesn't fit Eisenhower's idea of a responsible Republican.

He said he agrees with Eisenhower's statement that there is no room for impulsiveness on foreign affairs. Then, referring again to Goldwater, he commented:

"I do not believe that the answer to failures of the present administration is to be found in a reckless belligerence typified by such proposals as sending the U.S. Marines to turn on the water at Guantanamo."

Goldwater contends he does not "think that Eisenhower's statement points out any one person as Ike's favorite."

Goldwater also said he does not favor use of nuclear weapons to defoliate Vietnamese jungles. He said he had been misinterpreted on the point Sunday.

Episcopal Priest Critical Of Communion For President

NEW YORK (UPI)—An Episcopal priest complained yesterday that President Lyndon B. Johnson had violated church law by taking communion in an Episcopal church although he is not a member of the denomination.

The Rev. Canon Albert J. Du Bois, executive director of the American Church Union, an association of Episcopal clergy and laity, said he had no doubts about the President's "good faith and sincerity," but church law restricts communion to members.

"The trouble lies in the past with priests and bishops who took the law into their own hands and now undoubtedly create a situation for clergy in Washington and elsewhere who wish to maintain the church's law and discipline but who do not wish to make an issue of this at their altar rails," Du Bois said.

Johnson is a member of the Disciples of Christ Church. Mrs. Johnson and their two daughters are Episcopalians and the first family frequently worships in St. Mark's Episcopal Church in the capital.

Du Bois' complaint was contained in the current issue of the American Church News, monthly publication of the American Church Union, which represents the conservative Anglo-Catholic wing of the church.

Brown Shuffles Welfare Officials

SACRAMENTO (AP) — Paul Ward, who helped guide Gov. Edmund G. Brown's program through the legislature, was named administrator of the State Health and Welfare Agency today.

Ward, Brown's legislative secretary, replaces Winslow Christian, who quit to become Brown's executive secretary.

Ward's job will pay $27,500 a year, $2,500 annually more than his predecessor.

Ward can take part of the credit for the new higher salary, because it was his job to steer a pay-raise bill through the legislature.

GOP Senators Get Briefing On Southeast Asia

WASHINGTON (AP) — President Lyndon B. Johnson has given Republican senators a special briefing on conditions in Southeast Asia.

They were summoned to the White House Tuesday after Senate Republican leader Everett M. Dirksen of Illinois said in a statement that "indecision is dribbling away both American lives and American prestige" in the area.

The session was held amid persistent reports that the Johnson administration is in the process of making new decisions on U.S. policy moves in Southeast Asia.

A White House statement said the talk covered the "current situations in South Vietnam, Cambodia and Laos." No further details were disclosed.

Notary Commissioned

SACRAMENTO (CNS) — Secretary of State Frank M. Jordan today announced issuance of a notary public commission to Robert J. Barossi, 47 El Camino, San Rafael.

Demos Sing At Dinner While GOP Seeks Probe

WASHINGTON (AP) — Democrats gaily chorused "Once in Love with Lyndon" as they poured an estimated million dollars into the party treasury Tuesday night and heard President Lyndon B. Johnson stop just short of declaring what everyone knows: that he plans to be around for four more years.

Republicans were singing another tune.

They charged that career government employees had been pressured into taking part in the $100-t-ticket Democratic frolic.

Some 6,000 turned out for the star-filled "Salute to Johnson" show at the District of Columbia Armory, with 750 persons on hand for the earlier $1,000-a-plate dinner with the President.

But Johnson, with tongue firmly in cheek, insisted it was not a political shindig.

"This show is open to anyone who wants to contribute $100 to the Democratic campaign," he said.

As Democrats glowed, Republican Sen. John J. Williams of Delaware glowered and tried to get a Senate investigation of reported solicitation of career government employees to buy tickets to the fund raising affair.

Democrats refused to let Williams' resolution come to a vote but it remained on the calendar.

Novato High School Election Is Slated

Students at Novato High School will elect class and student body officers for next fall and vote on a single house system for the student council in an election tomorrow.

The student council now has two houses, one of which is inactive, according to Principal Robert Wisgerhof. The proposed new single house would be composed of representatives from each homeroom.

A candidates' assembly was held this afternoon.

Running for student body offices are: For president, Sue Hetrick and Ron Tieche; for vice president, Sandy Abbott, Paul Kaehler and Ron Rowell; for secretary, Linda Rediske, Sharon Smith and Marilyn Wheeler.

For commissioner of finance, Judi Stewart; for commissioner of internal affairs, Linda Low and Holly Nelson, for commissioner of student activities, Ninette Larson; for commissioner of spirit, Sheila Greene; for commissioner of public relations, Bonnie Foley, Cindi Hiatt and Judi Groves; for commissioner of athletics and awards, Dean Edwards and Bob Bonner.

Two groups are running for yell leaders, the "Demensions" and "Sprites." For song leaders are "Hornets 7" and "Novettes."

For senior class officers; Dave Spradling, Don Stevenson and Kent Porter, for president; Rosalind Corral for vice president, Louise Skowronek for treasurer, and Ann Lagoni, Marsha Davis, Donna Rousseau and Kathi Klee for secretary.

Junior Class: Al Parsons, Dave Budde and Lee Baldwin for president; Kathy Heyman, Rich Pechner, Mark Moore and Laura Ferguson for vice president; Peg Granucci for treasurer; Vivian Morse and Nanette Baget for secretary.

Sophomore: Harold Fain and Cindie Hazen for president; Sherri Dimmick, Jo Anne Angeloni and Gary Miller for vice president; Diana Castaldi and Pat McDonough for treasurer; Kerry Onderdonk for secretary.

ASSESS

ing of data to refute the county's reappraisals, said Goshen.

Acting Mayor Carl W. Gabrielson said he had made a special visit to Broemmel to get answers following complaints.

Gabrielson delivered an attack on the weekly Marin News which had pictured his home at 6 Bulkeley Avenue with a report that while other residents received higher appraisals, his went down.

"To set the record straight," said Gabrielson, "mine wasn't decreased but raised from $28,000 to $40,000."

Broemmel informed him, Gabrielson said, that he is processing protests from Sausalito involving about 200 parcels, that residents can change the value if a just reason for change is shown to him, and that the final say is by the county supervisors when they sit as board of equalization, which will be about July 13. After that, he said, people may file for further consideration directly to the board of equalization.

"Why not go into every house in Sausalito?" Gabrielson said he asked Broemmel, since this question had been put to him frequently. Broemmel said it was not necessary because his office has a complete record frorm previous visits.

It is not for the council to consider differences, but the board of supervisors, Gabrielson said. Also, the assessor is not concerned with how much money schools need, but bases values on the fair market value, he reported.

Letters protesting reappraisals were read from William Remak, Raymond Gergus, Sarah Ruffner, Vernon Petri, Harvey Cubberly, Joseph Fontana, and James Walter Scott Jr.

Bruce Bernhard said he feels it is unfair for the assessor to come into the community every four or five years and double and triple values; the increase should be on a gradual basis, he contended. A possible solution would be to prorate the value increase over a two to five-year period, he suggested.

Dr. Robert Perlman said he felt it unfair to think only in terms of the elderly. Civil servants, teachers, fire and policemen could be "hard hit" too, he remarked.

Two real estate brokers spoke, Charles Ritzinger and W. Robert Miller, Ritzinger saying he ran an ad asking to see residents' reappraisals to see how much they had changed. He said about 40 persons responded and out of every 10 he found that about five properties were underassessed 10 to 15 per cent; about 20 per cent were on the nose, and 30 per cent were overassessed.

A. Leonard Bjorklund Jr., chamber of commerce president, asked the council if Wilma Young, deputy city clerk, could be made available at the chamber's center to assist women volunteers to advise on how to read assessor's maps. This was left to City Manager Brown's discretion. Mrs. Young is already overworked, councilman Wax said.

Wax suggested that "maybe we should talk about new types of taxes and ways of taking the burden off the taxpayer." He said Sausalito might seek studies with such organizations as the League of California Cities and Assn. of Bay Area Governments.

DEATH

not been determined, however. Heynen said there were no matches or evidence of lighting material near the fireplace wood in the basement, where the fire is believed to have started.

Guisness told newsmen he has some thoughts of the fire but wouldn't speak them. "There was a lot of firewood loosely stored in the basement," he was quoted as saying. "That pile of wood definitely is involved."

Inspector Melovich said a woman and Anshen drove to the home of Anshen's partner, William Stephen Allen, in Sausalito for dinner about 4 p.m. Sunday. Anshen later misplaced the keys to his car, and Allen had to drive the couple back to Anshen's home between 9:30 and 10 p.m., he said.

Allen then left and returned home. He was discoverer Monday of Anshen's shorts-clad body in their office suite at 461 Bush Street, San Francisco.

San Francisco Coroner Henry W. Turkel said last night after preliminary examination of Anshen's body he suspected cause of death to be an overdose of an anti-depressent drug or perhaps result of a disease, and apparently no foul play was involved.

He said preliminary tests showed barbiturates in Anshen's blood. Anshen's physician reported he had prescribed librium for him—but no trace of this drug was found in the body. Librium is normally a medication for persons who are highly agitated, he added.

Anshen bought the house following the June of 1961 divorce obtained by his wife, Frances, who now lives on Waldo Point.

BROWN

tribution. Unruh has acknowledged that he steered O'Keefe to Schrade, Del Mar Republican, who sponsored a resolution in the Senate calling for an investigation of campaign funds.

The Cranston-Salinger race was called "a power struggle" by Brown, but he said he doesn't think it is a battle between himself and Unruh, Los Angeles Democrat.

Instead, it's between what he called "the Assembly bloc," and the volunteer California Democratic Council.

"I really feel it's tragic that there has been this difference of opinion," he said.

Brown said he does not think Unruh is directing Salinger's campaign—as Cranston has charged—or that the speaker persuaded Salinger to enter the race.

But he said Unruh "is playing a major part in the strategy of the campaign."

Brown said he is not doing anything to get the Democratic nomination for the vice presidency, but that he would accept if President Lyndon B. Johnson asked him.

He also said he will call Cranston, Salinger and other Democratic leaders together to seek party unity after the primary election.

Rain Falls On Marin; Clearing Skies Predicted

As much as .36 of an inch of rain fell in various parts of Marin County during the night and morning, at the same time showers were falling on the entire northerd third of the state and some snow was falling in the high mountains.

But tomorrow, however, the Weather Bureau promised to have things running normally again, with clearing predicted tonight and "mostly fair" conditions tomorrow.

Here are some readings from around Marin:

Lagunitas, .36; Bon Tempe, .34; Tamalpais Valley, .28; Fairfax, .25; Chevy Chase Park (Larkspur), .18; Mill Valley, .16; Phoenix, .15; Point Reyes, .12; Ross, .10; San Anselmo, .05; San Rafael, .04; Nicasio, .04, and Sausalito, .03.

Mount Tamalpais reported a trace, and no rain was reported in Novato or Belvedere.

Arrigoni Says Plane Fare Was For Work Trip

Fairfax Councilman Peter Arrigoni Jr. said today the Saturday visit of Richard J. Nelson, future public works director of Fairfax, was a work visit made at the invitation of the mayor.

Payment of $30 for Nelson's plane fare for the trip from Venice, Los Angeles County, to Fairfax, brought a protest from Councilman George Pagni at Monday's city council session.

Pagni voted against paying the fare on the grounds that Nelson was not yet a city employee, and claimed the full council was not informed of the trip.

Arrigoni said all councilmen had been informed except Pagni. He said Nelson, who will take over the job June 8, spent from 11 a.m. to 4 p.m. inspecting streets and drainage and reviewing paper work.

Consular Treaty Is Announced

WASHINGTON (UPI) — President Lyndon B. Johnson today announced a broad new consular treaty with the Soviet Union designed to afford greater protection to Americans traveling in Russia and assist U.S. businessmen operating there.

He voiced hope that the agreement, to be signed in Moscow June 1, "will be a step forward in developing understanding between our two countries which is so important to the continuing struggle for peace."

The president noted that the agreement must be ratified by the U.S. Senate.

INDIA

Continued from page 1

paralyzed his left side but he had recovered somewhat.

His only child, Mrs. Indira Gandhi, was with him when he died.

Nehru was born an aristocrat—a Kashmiri Brahmin, or the highest of the high among Hindus. But Gandhi's persuasion and his own compassion for his oppressed countrymen under British rule drove Nehru and his whole family into the independence movement. It meant years in British jails for him and his father.

The boy raised in the lap of luxury—indoor and outdoor swimming pools at home, ponies to ride, and a British education—often disagreed with the mystic and visionary Mahandas Gandhi but bowed to Gandhi's will to attain the goal of independence, reached in mid-August 1947.

GANDHI'S HEIR

By then Gandhi's mission was over for all practical purposes and Nehru undertook the perhaps even more arduous task of trying to make a democracy of a curious, crazy quilt pattern of ex-colonial areas.

As an elder statesman Gandhi lasted less than six months—until his assassination Jan. 30, 1948—and Nehru then became sole leader.

He believed neither capitalism nor socialism alone would work for India, and he instituted a form of state socialism for heavy industry and utilities, accepting foreign aid where he could get it for these and sponsoring private works where possible.

Much of the West's dissatisfaction with Nehru resulted from the way his foreign policy was dealt out at the United Nations and elsewhere by his venomous roving defense minister, V. K. Krishna Menon. Menon, a leftist anti-Westerner, fell from grace through lack of preparedness for the Chinese invasion of India in 1962.

WAR WITH CHINA

A great test of Nehru's neutralism came in the fall of 1962 when Communist China unleashed a powerful attack along the Himalayan border and moved into long-disputed frontier areas.

As the Chinese drove back his poorly equipped army, Nehru assumed near-dictatorial powers, pledged a fight "until final victory is achieved," and turned to the West and to Russia for weapons.

The United States immediately organized an airlift of arms, and it seemed that India, however reluctantly, would be forced to move away from nonalignment.

A bitter dispute then raging between Moscow and Peking over what the Chinese considered a soft Soviet approach toward the West made it easier for Nehru to avoid taking a clear-cut stand, however. He remained on friendly terms with Moscow and, while fighting the border war, continued to maintain diplomatic relations with Peking and to support its bid for U.N. membership. The Chinese abruptly ended their drive after a few weeks fighting and ordered a cease-fire and troop pullback.

Pakistan, the Moslem nation born of the 1947 independence, was Nehru's greatest single continuing political problem until the 1962 Chinese invasion. But war between India and Pakistan was averted. Their closest, and continuing, confrontation of arms is in Kashmir, the last prize in the independence grab bag, where their armies are separated by a U.N. truce line.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Many Persons Are Injured Trying To Walk Through Plate Glass Doors

VAN DELLEN

I was standing in the lobby of a new apartment building with front doors of plate glass. A young man dashed past me and—wham—ran into the door. The glass did not break but he was dazed for a few minutes and probably developed a large welt on the forehead.

Glass door accidents are becoming so prevalent, many areas have adopted building codes requiring safety glass. Each year, 40,000 persons try to walk through glass doors, walls, or picture windows. Approximately 6,000 require hospitalization for cuts and excessive bleeding. Many buildings and clubs are pasting decals or other decorations on the glass for contrast.

SEVERAL WEEKS ago we wrote about a reaction some persons encountered if they ate aged or nonprocessed cheese while taking a certain antihypertensive product. Such complications are rare (15 out of an estimated 400,000 patients) and they are no fault of the drug or the cheese.

An item in the British Medical Journal described a depressed young woman who must have read about the risk of eating cheese while taking this particular medicine. She attempted suicide by taking a high blood pressure remedy of a different formula, together with a chunk of cheese. Nothing happened to her.

CLAM DIGGER'S itch is a dermatitis that lasts for a week. It occurs also in swimmers. Water is the common denominator.

Certain migratory birds, including several species of ducks, carry worms (Schistosoma cercariae) that are passed into the water and sand. Snails consume these worms, which flourish in their intestines. The offspring escape and penetrate the skin of clam diggers and swimmers. But the worms meet considerable resistance in the skin — they go so far and are destroyed. This is what causes itching. The solution to the problem is to get rid of the snails.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

INFECTED CUTS

R. B. L. writes: What causes small cuts or minor injuries to become infected easily?

REPLY

Neglect is the chief cause. The wounds should be washed immediately with soap and water and covered with a sterile dressing. Some people harbor in the nose and throat staphylococci that contaminate open lesions via the breath or fingers.

WON'T SHORTEN LIFE

S. L. writes: Do migraine sufferers live a normal life span?

REPLY

Yes, and some live longer if they take good care of their health, to prevent migraine attacks.

BLAIR

Continued from page 1

our candidate at that time," said Ehlen.

He claimed Mill Valley and the Tiburon peninsula are next on the list for assessment hikes and added, "Walter Blair, in his short time in office as supervisor, proved to us that he is dedicated to economy in county government and is conscious of the hardship that can result to this area because of high taxes."

Ehlen called Behr's proposal of a county bond issue to aid elderly people "impractical and inherently cruel to people whose self-respect and savings are presently keeping them supplied with simple needs in their declining years."

Ehlen is being assisted in the write-in campaign by Fred Perry Jr., vice chairman of the Committee for Equitable Taxation.

Bridge Leaper Is Identified

The woman who jumped off the Golden Gate Bridge Monday has been identified as Mary E. Keegan, 45, of Santa Rosa.

Miss Kegan jumped off the bridge near the south tower. She left no identification behind.

James Keegan of Santa Rosa, a cousin, identified the body. He said Miss Keegan had been under psychiatric care for one year, according to the San Francisco coroner's office.

Cluster Housing Passes In Novato

The Novato City Council last night adopted a zoning ordinance permitting cluster housing, but served notice on subdividers that it would keep a close check on the density planned in such developments.

The council adopted a policy calling for a "reduction in the number of allowable houses" in the "planned single family" zone "to a number less than that which could normally be developed where restricted by topography."

Councilman Douglas M. Merrill said the new zone offers the possibility of exploitation within the privileges of the ordinance." He said he did not want a higher density of population to come from it.

Councilman William Jack Adams asked city planned Robert Lagle if he could make a statement of policy to the commission.

"No, because I don't think you, as a council, understand what this type of development can do," Lagle answered.

Mayor Robert D. Carrow told Lagle that he could tell the developer "we are going to consider such plans at council level."

The vote on approving the policy was unanimous.

Jack O. Burgi of 575 McClay Road, who represented the West Novato Homeowners Assn., told the council he had planned to ask for a postponement of vote on the ordinance. However, the council "took the wind out of my sails."

The council then approved the rezoning from limited agricultural to "planned single family" for 21 acres at Sutro Avenue and Center Road for Roberts and Aguirre. Councilman J. Wayne Womack objected, but voted yes so the ordinance would not have to be read in its entirety.

The Novato City Council Also:

1. Called for bids on improving a portion of Industrial Way and Court Road, to be opened June 5. The engineer's estimate on the job, to be paid half by the city and half by the property owners, was $7,100.

2. Awarded a $4,168 contract to Davey Tree Service of San Rafael to trim Novato Boulevard trees.

3. Approved a request for use of $14,250 in gasoline tax money for widening the Grant Avenue bridge over Novato Creek. This project will cost $750, according to Lawrence A. Coleman, director of public works.

4. Authorized the staff to proceed with the annexation of 20 acres at Ignacio Boulevard and Alameda de la Loma, requested by Walter Kieckhefer, property owner.

5. Approved offering city employees Blue Cross hospitalization plan as well as the Kaiser plan, on request of City Administrator J. Julien Baget.

6. Heard a report from Recreation Director Edmund Mahany that the city swimming pool on the Novato High School campus would be in operation sometime between June 15 and July 15. The council asked that the architect report to its June 9 meeting on the completion date.

7. Prohibited parking on the north side of Virginia Avenue from Grant Avenue to just east of Simmons Lane, on the south side of Virginia Avenue from Grant Avenue to 1200 feet west, on the south side of Diablo Avenue for a 250 feet section east of Novato Boulevard, and on South Novato Boulevard for a portion 700 feet south of Center Road and other sections where pavement parking is not available. The restrictions were recommended by Police Chief Robert Di Grazia.

8. Asked Charles Smith to present his argument to the council for a zone change from single to multiple for the northeast corner of Diablo Avenue and Hill Road. Smith appealed a denial by the planning commission on the ground that he was not notified of the commission's hearing.

9. Postponed until June 23 action on formation of the Scottsdale assessment district for 1,500 apartments between South Novato Boulevard, Highway 101 and south of Yukon Way. Edwin N. Ness, attorney for the assessment district, asked the delay.

10. Authorized Baget to ask planning commissilon Samuel Young and parks and recreation commissioners Alton Lerch and Eugene Trombley if they are still interested in serving on these commissions. Baget reported continued absence of these members from commission meetings.

11. Referred a request from Benjamin L. Edger of 1349 Denlyn Street for better police protection and street lighting to the staff for report at the next meeting.

12. Received notice from the State Division of Highways that it would again offer the Grant School property at Highway 101 and Grant Avenue for sale at 11 a.m. on June 25. Minimum price set was $197,000.

13. Approved a resolution urging study of a second crossing by the Golden Gate Bridge and Highway District, as submitted by the Redwood Empire Assn.

14. Received a report from the parks and recreation advisory commission on a proposed ordinance requiring subdividers to dedicate land or pay a park fee to the city. This was given to the staff for study.

15. Passed ordinances eliminating the requirement for the mayor's signature on city checks and empowering the city administrator to sign agreements and contracts approved by the council.

16. Approved a special training school for Kathleen Robinson in the Loma Verde Community Baptist Church; rezoning from single to multiple family of a lot on Second Street between Vallejo and Olive avenues for John and Francis Smith; Construction of Lynn Court subdivision of five lots without sidewalks off Cherry Street for Harry Johnson, and a lot split for Alcide Beaudoin at 1 Pastel Court.

17. Approved payment of $118,084 in claims.

City Council Favors Plans Commission

The Novato City Council last night went on record as favoring an area planning commission, with the city planning staff doing the planning for the North Marin area.

The council authorized City Administrator J. Julien Baget to try to work out such a plan with the county administrator, to be presented to the board of supervisors and the city council.

The proposal calls for a seven-man planning commission with five members from Novato and two from outside the city. It would handle planning and zoning matters for the area so that "one set of standards is used," according to Baget.

"Would their decisions go to the board of supervisors or to the city council?" asked Councilman Douglas M. Merrill.

The decision would go to whichever body had the jurisdiction, Baget said. He added that the city staff would be paid for their work on county projects the same as the city formerly paid the county staff for work on the city projects.

Judge Hears Loan Charge Appeal

A Napa Superior Court judge today heard arguments from attorneys for a Vallejo resident and Marin residents, seeking to have conspiracy indictments against them set aside.

Ross E. Kelly of Kentfield, Dan R. Nunan and William R. Atkinson, both of San Rafael, and Robert F. Skinner of Vallejo are accused of a conspiracy whereby Skinner received kickbacks after making loans in excess of limitations in the state finance code. Skinner is former manager of the Silverado Savings and Loan Assn. in Napa.

Judge William L. Blankenburg was not expected to rule on today's motion until tomorrow at the soonest.

Candidate Hall Appeals For GOP Moderation

By WAT TAKESHITA

Former Kansas Gov. Fred Hall, campaigning for U.S. Senate, told Marin Republicans last night he is for the type of "moderation" represented by Gov. Nelson Rockefeller.

Hall, 47, was the only candidate who appeared in person before the Marin Republican Central Committee at the courthouse. Other candidates sent representatives to speak for them.

Hall spoke to the central committee after another appearance at the Edgewater Inn in Corte Madera, where a champagne reception was held in his honor.

The candidate for Republican nomination for Senate expressed "alarm at the takeover of the Republican Party by extremist elements."

"How would you define an extremist?" asked William O. Weissich, Marin chairman for Barry Goldwater.

"People who subscribe to the views of the Young Republicans and UROC (United Republicans of California) would be extreme," Hall replied.

This sparked pointed questions from another Goldwater backer, who demanded that Hall distinguish between a "moderate" and a "liberal."

Henry J. Broderick, vice chairman of the Republican Central Committee, who served as chairman, cut off further quizzing along those lines before the exchange became too heated.

Hall studied at the University of Southern California and won his law degree there in 1941. At 32, he became lieutenant governor of Kansas, then governor in 1954 at age 36. He served on the Kansas State Supreme Court until 1958, when he returned to California.

Hall declared his 10 years experience in elective office makes him the best qualified of all candidates for Senate from California. He is running against two other Republicans, Leland Kaiser of Atherton and George Murphy of Beverly Hills, in next Tuesday's primary. He described the other two as "ultra-conservatives."

"I have no animosity against them," said Hall, "but I believe a vote for them would be wasted. I believe I am the most electable."

He said he opposes deficit spending except in wartime and is for a balanced budget and a stable dollar.

Hall opposes admitting Red China to the United Nations. On the other hand, if Red China were ultimately admitted, he would not favor pulling out of the U.N. for that reason alone.

He favors the Civil Rights Bill, collective bargaining, and the Rumford Housing Act.

Proxies who spoke for other candidates were:

Edgar T. Linder for Kaiser; William Brinton of San Francisco for Rockefeller; Weissich for Goldwater; Norman Livermore Jr. for Rep. Don H. Clausen; E. Warren McGuire for State Sen. John F. McCarthy, and Richard Herndon for George Murphy.

Assemblyman William T. Bagley, who was in Los Angeles last night, wired his regrets that he could not attend.

Brinton, speaking for Rockefeller, said the governor fits former President Dwight D. Eisenhower's description of what a Republican presidential candidate should be.

In reply, Weissich said Senator Goldwater had been subjected to "lies and slander" but has, himself, conducted his campaign as a "gentleman," refraining from criticizing other GOP candidates.

Novato Firemen Slate Barbecue

The Novato volunteer firemen last night set June 14 for its annual public chicken barbecue.

Frank Manzoni was named chairman of the committee for the barbecue, which will be held from noon to 4 p.m. at the Silviera Ranch, four miles north of Novato on Highway 101.

In addition to the barbecue, there will be games and entertainment for everyone, according to Fire Chief George Cavallero.

Novato Wants Contract With Gooch To Cleans Cemetery

The Novato City Council wants a contract with Gerald Gooch for cleaning and future maintenance of the old Novato Cemetery on Simmons Lane.

It appointed Councilmen J. Wayne Womack and Douglas M. Merrill as a committee to work out an agreement with Gooch and report to the next council meeting.

Gooch appeared before the council at request of B. F. Collier of 2004 Novato Boulevard, who opposed the city's taking the cemetery for a pioneer memorial cemetery.

Gooch told the council he would spray the poison oak and build a fence to keep horses out. He said it was not his responsibility to set up broken headstones.

"The previous council has been in contact with you for years and you made the same promises then but never kept them," Councilman Womack said.

Enormous Tangle On Bay Freeway

OAKLAND (AP) — More than 25 cars, a bus and a pickup truck bumped ends and bent fenders today on rain-slick Nimitz Freeway. The chain reaction snarled southbound traffic more than an hour.

No injuries were reported.

One car caught fire.

The tieup was so enormous the supply of tow trucks ran out.

The pile-up started at 6 p.m., between High Street and Nineteenth Avenue.

High Toll Feared On Memorial Day

SACRAMENTO — The California Highway Patrol estimated today that 44 to 54 persons will die in traffic accidents on the state's highways over the Memorial Day holiday.

"If the estimate proves accurate," said Patrol Commissioner Brandford M. Crittenden, "the death toll could set a record for a 78-hour Memorial Day holiday."

The previous high for a holiday of similar length was 47 fatalities in 1947. Last year, on a 102-hour holiday, the toll was 62, the all-time high for Memorial Day.

World War II's aftermath and a United Nations agreement gave the United States trusteeship over the 80,980 inhabitants of Micronesia in the Pacific.

Subdivision Loses Home Because It's In Wrong Position

The San Rafael Planning Commission last night approved resubdividing a two-year-old Wimbledon Way development in which one house must be torn down because it is over a public utilities easement.

With little discussion, commissioners approved reduction of Rafael Racquet Club Estates Unit Two from three lots to two lots, "subject to vacation of public utility easement."

Planning secretary Joan Castrillon spelled out this brief statement in somewhat more vivid terms when she told commissioners the easement, for water, electricity and gas lines, now is encroached upon by a house, and the owners have agreed to move or tear it down.

The San Rafael City Council is expected to discuss the matter at its Monday session, she indicated.

VOTE NO

We recommend a vigorous "No" vote in the June primary against the politically power inspired Tamalpais Unification Bill. To vote this bad measure in would be a step down the centralization of power road where local citizenry would lose control of their school boards. It will increase property taxes instead of reducing them and will not lead to any better education methods. Vote No.

Also we recommend a vigorous "No" vote against all bond issues or school tax limit raises on the June Primary. This is the only weapon you property taxpayers have to force the Legislature to install a gross transaction tax system that will reduce your present property taxes by 50%.

Use It—Vote "NO"

Bank of America and the pickets:

What's it about?

CORE's dispute with Bank of America has nothing to do with the bank's position as an equal opportunity employer. It is not related to the bank's willingness, even eagerness to hire qualified Negro applicants.

Rather, the point at issue is whether this bank, or any other corporation, should give detailed statistical information about its operations to a pressure group in order that that pressure group may set itself up as a policing agency. Our bank's answer is unequivocally and finally "NO!"

This bank has no intention of being policed by any nongovernment agency, and it particularly refuses to be policed by a self-appointed pressure group whose regard for the truth and whose sense of reasonableness are open to question.

Moreover, the conduct of CORE in its discussions with us clearly indicates that CORE is more interested in staging demonstrations than they are in assuring jobs for members of minority groups.

Our refusal to give CORE detailed statistical data does not represent an effort on the bank's part to conceal facts on minority group employment. Bank of America has voluntarily offered to provide such information to the California Fair Employment Practices Commission—the legally appointed government agency responsible for handling such statistics—for its use in doing its duty under the law.

As of this week, Bank of America employs 28,553 people in 860 California branches. Minority group employees total 3,670 or 12.85% of our work force, of whom 640 are Negroes. Negroes are employed as officers of our bank—including two of our branch managers and others in managerial and supervisory positions.

Bank of America recognizes that civil rights represent an urgent social problem and is seeking to do its full civic duty toward alleviating the problem.

To this end, and consistent with our primary duty of providing competent service to the public, we have taken a number of steps to increase our employment of minority groups—especially Negroes.

We have publicly proclaimed our equal opportunity policy, intensified our search for minority group employees, contacted minority groups for their aid in finding potential employees, and created a new position of Human Relations Coordinator to give further impetus to our entire program.

As an employer, Bank of America is willing to take suggestions from any individual or any group—public or private. In the case of the demands made by CORE, many had long been in effect. Others we have adopted, and as a result, the spirit as well as the letter of CORE's *reasonable* suggestions have been met.

Bank of America is deeply concerned with the social problem of equal opportunity and keenly aware of its responsibility to help achieve a solution.

But to submit to policing under the threats of a pressure group is dangerous in principle and violates the sense of justice and fairness which all Americans share.

Bank of America *cannot* and *will not* allow itself to be policed by any nongovernment agency. And CORE—by insisting on permanently policing one of California's major financial institutions—is in effect usurping powers that belong only to the government itself.

We thank the many thousands of California citizens, both Negro and white, who have telephoned and written to us commending us on our stand. We are sure we can depend on the continued support of the citizens of this state in our firm determination not to capitulate to the unreasonable demands of a pressure group for masses of statistical data.

We apologize to any of our customers who have been inconvenienced by the picketing which has taken place.

As most of you know, the Governor publicly implored CORE leaders last Friday to call off their scheduled demonstrations as a sign of their good faith. We are sure that all responsible citizens share our outrage at the manner in which CORE has so cynically disregarded an effort by the people's chosen chief executive to act as a conciliator.

County Hires Firms For Road Slide Work

The Marin County Board of Supervisors yesterday approved contracts for correction of two major slide problems on Marin County roads. In each case the low bid came in under the engineer's estimate, according to Public Works Director Donald R. Frost.

C. D. Madden, Inc., of Corte Madera, was awarded a $28,667.50 contract for stabilization of a slide endangering Sir Francis Drake Boulevard on White's Hill. The bid was the lowest of five. The job had been estimated at $42,000.

Piombo Brothers, San Rafael, won a $29,378 contract for relocation of Mar West Street, Tiburon, around the slide on Red Hill near its intersection with Tiburon Boulevard. The bidder was the lowest of six. The estimate for this job was $32,000.

The supervisors called for bids for first stage construction of Civic Center Drive, which will eventually connect the Civil Center to the frontage road near the Terra Linda interchange. The project is expected to cost about $23,500.

Bids were called also for a steel shed for the county's Nicasio corporation yard, for which $36,000 has been budgeted. Bids for both projects will be opened June 16.

The Marin County Board of Supervisors Also:

1. Sold a sliver of land 11 feet wide on Paradise Drive to LeRoy F. and Thelma B. Febanske, adjacent property owners, for $650.
2. Received no bid for sale of a county-owned house at 127 C Street, San Rafael, and agreed to list the building for sale through the Marin County Real Estate Board's multiple listing service.
3. Sent back for rewriting a proposed policy limiting county contributions for employees' out-of-state travel to $150 a trip. Supervisor William D. Fusselman asked for a specific escape clause allowing overruling in special cases.
4. Approved a policy and agreement form for the county work training program, applying it to general relief recipients, and allowing work beyond the value of the relief grant, if the recipient wishes.
5. Took no action on a proposal to take out an insurance policy with Lloyds of London to cover possible liability caused by injury to a child at Marindale School where a county physical therapist may be involved. Supervisor Byron W. Leydecker said he was disappointed the county's domestic insurance carrier refused to provide coverage.
6. Received a report that 190 persons who must go to the county welfare or medical departments at the Civic Center might use a shuttle bus service if it were provided, and asked for a cost estimate.
7. Agreed to allow the Red Cross to hold canoe safety classes on the Civic Center lagoon.
8. Signed animal control contracts with the cities of Novato and Ross.
9. Re-appointed Irving Levine and William Sherfey directors of the Stinson Beach County Water District.
10. Appointed Jack F. Harris and Thomas A. Norton directors of the Muir Beach Community Services District; Robert C. Morris, Guy E. Baty and Boyd F. Wells, directors of Marinwood Community Services District; Jesse E. Berry and Skyral E. Sweeney, directors of Marin City Community Services District; Herbert C. Belben Jr. and Alys E. Durenburger, directors of Gallinas Village Community Services District, and Grice Axtman, Richard L. Less and M. Webb Beckstead, directors of Terra Linda Community Services District.
11. Set 35-mile-an-hour speed limits on Panoramic Highway and Trestle Glen Drive.
12. Set 25-mile-an-hour speed limit and stops on the frontage road south of the interchange between Highway 101 and Highway 121, Ignacio, in conformity with earlier action by the City of Novato.
13. Took no action on requested abandonment of a section of Maestro Road, near Novato.
14. Formally dissolved the San Rafael Meadows Sewer Maintenance District. The area is now part of the Las Gallinas Valley Sanitary District.
15. Set a hearing June 6 on a proposed change on bond sale procedures for special assessment districts.

17. Set a hearing July 7 on formation of a county service area for dredging of Gallinas Creek.
18. Held up plans by Paul and Ora Smith for a motel next to the Fireside Motel on Shoreline Highway in Tamalpais Volley until grading plans are shown. Further discussion was set for June 16.
19. Approved plans for a Carmelite Sisters' convent at the end of Blackstone Drive, Marinwood, subject to planning department approval of grading and landscaping plans.
20. Set hearing July 7 on zoning for the Bolinas-Stinson Beach area.
21. Set hearing June 16 on a zoning denial appeal by Javier and Lupe Benedet for apartment zoning on Shoreline Highway, Tamalpais Valley.
22. Set hearing at 9 a.m. June 15 on salaries of county employees.
23. Agreed to allow Supervisor Byron W. Leydecker to be out of the state, starting June 5.
24. Appointed James J. Jurick sanitarian in the health department

Embezzlement Trial Is Set

Jury trial of Bernice Curtis Clark, 53, of the Bon Air Apartments, Greenbrae, charged with embezzlement of $30,000 from a San Francisco loan association has been set Aug. 31.

Mrs. Clark appeared in federal court in San Francisco today with her attorney, Sol Abrams, to plead innocent to the charge. She was arrested after a federal grand jury indictment April 29 charging that she took the money from accounts at the Federal Savings and Loan Assn. where she worked as assistant treasurer.

Federal Judge William Sweigert set the trial date.

Gazebo Gains Trial Tenant In Sausalito

Sausalito's untenanted bus depot, the Gazebo, will have a tenant for at least one month this summer — the Sausalito chamber of commerce.

The city council last night authorized the chamber to use the wooden kiosk as a downtown information center on a one-month trial basis.

A. Leonard Bjorklund Jr., chamber president, said the chamber will keep the Gazebo open from 10 a.m. to 4 p.m. on weekends and hopefully, during week days, to give out information about the city, what's going on and where to go. He said the chamber hopes to hire college of Marin students to man the building. Rent will be $20 per month and the chamber will provide insurance coverage.

Victim Of Stabbing In Good Condition

John Charles Foulds, a 26-year-old San Quentin Prison inmate, who was stabbed in the back Monday at the prison yard, was reported in good condition today at the prison hospital.

Associate Warden Dale B. Frady said the stabbing will be investigated by the Marin County district attorney's office.

Council Asked To Fix Sausalito Sea Wall

City Engineer B. J. Whitlow urged the Sausalito City Council last night to start action to repair the aging sea wall on Bridgeway between Princess and Richardson streets, saying the area is the "focal point of Sausalito" and time is running out.

He recommended the strip of waterfront roadway be enlarged so that, some day, it might handle four lanes of traffic and include an esplanade and planting.

Two councilmen, Mrs. O'Hara Chapin and Melvin S. Wax, said they strongly oppose anything more than two lanes plus a parking lane and walkway.

City Mgr. Charles A. Brown said facts are needed on the project before December to apply for state gasoline tax funds. He said soil tests are advised to see what type of project the city might build. The council asked Whitlow to get estimates on soil tests.

Councilmen agreed to spend $9,000 over a period of three years to install 165 parking meters in city parking lot No. 1, across from Village Fair.

The meters will replace the 25 cents per day parking gate which is to be sold. They will be "blind" metered with a 12-hour limit. No decision was made as to whether they will be set at 5 or 10 cents per hour.

The Sausalito city council also:

1. Accepted low bids of W. K. McLellan Co. of San Rafael at $3,014 to reconstruct the intersection at Marie Street and Filbert Avenue, and E. A. Forde Co., Corte Madera, at $8,603 to reconstruct Bonita Street shoulders and at $2,080 to widen Sausalito Boulevard at Third Street.
2. Received a letter from John J. Gallas asking clarification regarding filling on A. G. Schoonmaker Co. land and told Brown to answer the questions he could and ask Gallas to get other answers from Schoonmaker.
9. On suggestion from Alan D. Bonapart, agreed to mail copies of city council and planning commission agendas to citizens for $3 a year, the cost of postage.
4. Acknowledged receipt of letters from John C. Campbell, Sausalito Woman's Club and Marin Garden Club against filling of the bay.
5. Set for June 16 hearing on an appeal by Robert Perlman of denial of a variance to build a covered swimming pool at 416 North Street.
6. Reappointed Mrs. Kathleen Krajeski and Elmo Maggioria to four-year terms as recreation commissioners.
7. Authorized Vina Del Mar subdivision improvement agreement and acceptance of George Lane into the city street system.
8. Adopted the Marinship development plan, Phase I, as an engineering guide to aid property owners to develop property under Marinship general plan .
9. Passed, resolution to integrate Sausalito's civil defense disaster plan with the county's.
10. Passed an amendment to the animal control ordinance.
11. Decided to meet June 9 since June 2 is the primary election.

Mayor Jan Paul Dyk was absent on vacation.

Cleanup Request To Center Owner

The Fairfax City Council did not send a letter requesting a cleanup along San Anselmo Creek to Mrs. Floyd Clinite, 45, Pastori Avenue, Fairfax.

The Independent-Journal erroneously reported yesterday that a letter would be sent to Mrs. Clinite.

The letter requesting a creek cleanup at the entrance to Marin Town and Country Club will be sent only to Max Friedman, owner of Town and Country and Fair-Anselm Shopping Center.

Johnson Wins Runoff Election At College

Gerald Johnson of Lagunitas yesterday won a run-off election for vice president of the student body at the College of Marin.

Johnson polled 214 votes to 184 for Warren Glass of Sausalito.

Formation Agency Due Sanitation Annexation Plans

In addition to an expected decision on whether to allow a controversial annexation by Mill Valley, the Marin County Local Agency Formation Commission tomorrow will review proposed annexations to three sanitary districts. The meeting will begin at 8:30 a.m. at the Civic Center.

The Hankin annexation is 1.5 acres on the north side of Paradise Drive, astride the Corte Madera town boundary, to Corte Madera sanitary district.

The Kent Woodlands annexation is 13.4 acres along the top elevations of Kent Woodlands and adjoining Crown and Ridgecrest roads, Ross Valley to Sanitary District.

The Goldbert and Imeson annexation is .58 of an acre on the south side of Bay Vista Drive, alto, to the Richardson Bay Sanitary District.

Larkspur Slope Policy

Small businessman getting Wells Fargo welcome

The in-a-hurry executive who was just ahead of our small businessman deposited $3,186. The gal who's next will pick up a payroll nearly double that amount. Our point is that all three—executive, small boy, career gal—get the same warm welcome, the same willing service. You can call it many things—courtesy, interest, friendliness. We call it the Wells Fargo welcome. It's a Western way of doing business, and we've been part of the West for a long, long time.

Garbage Ordinance Hopes Delayed In Hub

San Anselmo city councilmen's hopes of adopting a new garbage ordinance ran into a delay last night, when an attorney representing the city-franchised scavenger service urged the council to retain some features of the old ordinance.

Attorney Wallace S. Myers urged the council not to eliminate a section that says the city will be responsible if customers fail to pay their garbage bills, and may put a lien on the customers' property. The section of the ordinance has never actually been used, Myers said, but mere mention of it in a collection letter from San Anselmo Garbage Disposal, the franchise holder, has usually resulted in prompt payment.

Vallerga has had several thousand copies of the form letter printed, and hopes to continue using them, the attorney explained.

"I think I'm the author of that letter," City Administrator Douglas Flautt said. "I did not know it was going to become famous."

Flautt and several councilmen argued against retention of the section. The city administrator disclosed he has personally called on some garbage customers delinquent in their bills as much as a year, to save them the embarrassment of being visited by police.

City Atty. John G. Buresh said, "We are trying to eliminate the age-old problem of being bill collectors for Vallerga." (Victor Vallerga heads the scavenger company.)

"Mr. Vallerga is too big-hearted" about delinquent customers, suggested Flautt. "He should act after one month."

Attorney Myers said his client also objects to a section of the new ordinance allowing refuse containers in commercial districts to be larger than 60-gallon size. They are too heavy to carry, he said.

Councilmen agreed that Buresh and Flautt should confer with Myers and Vallerga on the proposed ordinance, then return it to the council for action.

The San Anselmo Council Also:

1. Postponed calling bids on the Ross Avenue storm drain project until after budget talks, to see whether enough money is available to complete the entire line at once rather than in a series of sections.
2. Turned down the request of Deer Hollow Road resident David H. Baird for enlargement of the storm drain collector at 439 The Alameda, over which the city has been in a running controversy. After listening to Baird and his engineer's figures, Councilmen John M. Reichmuth said, "I feel this is a matter between engineers. We have to take the word of our engineer, Mr. (Richard) Sypher."
3. Approved request of Ross Valley Savings and Loan Assn. for permission to plant trees in the sidewalk, subject to city approval as to species.
4. Set June 16, 17 and 18 for budget hearings.
5. Instructed City Administrator Flautt to prepare specifications for bids on three new police cars.

Meet Tonight On Closing Cove Road

The Belvedere planning commission will hold a special meeting tomorrow at 8 p.m. in the community hall to study the results of Cove Road traffic counts made by the Marin County department of public works.

Chairman George V. Banning said the commission would discuss closing Cove Road to through traffic.

At the April meeting of the Belvedere city council, Cove and Lagoon Road residents protested a service station which Fred G. Zelinsky has proposed to build on Tiburon Highway across from the entrance to their roads. At the time they requested that Cove and/or Lagoon roads be closed.

Council Postpones Decision On Animal Control Ordinance

San Anselmo City Council postponed adoption of the new countywide animal control ordinance last night, so City Atty. John G. Buresh can check into the problem of license fees.

Fairfax city councilmen raised the same question at their Monday night session, but went ahead and adopted the ordinance.

Buresh pointed out that the proposed new ordinance calls for a $4 license fee on each dog, to go to the county. He said the state Government Code, in a section enacted in 1955, sets a maximum of $3 for each male dog or spayed female, and $5 for each unspayed female.

Thus the city might be able to collect only $3 for some dogs while having to pay the county $4.

"Any excess in fees, the county would get," Buresh noted, "but we might find ourselves owing the county some money."

VOTE NO ON THE TAMALPAIS UNIFICATION PLAN ON JUNE 2nd

Don't be panicked into approving a defective plan!

The UNRUH bill — AB145 — passed by both Houses in Sacramento last week contains the following:

1. No MANDATORY unification requirement
2. Every school district's foundation program will receive next year additional aid from the State of $10 per child.
3. After September 1, 1965, each unified district's foundation program will receive $15 additional per child.
4. Lastly, school districts have until September 1965 to qualify for the $15 as a unified district.

THEREFORE, VOTE NO

. . . on June 2nd on the proposal to Unify the Tamaplais Union High School District.

WHY?

1. The additional $10 per child is available NOW.
2. The additional $15 will be available with ANY unified plan but not before September 1965.
3. The County Committee has 16 months to prepare another unified plan in order to qualify for the extra money. A new plan could be voted on by November 1964 due to the detailed studies of the past two years.
4. The proposed district is too large and would have the inherent defects of "Big City" school districts.
5. A smaller unified district can retain citizen control, community support and quality education.
6. A parent can be heard in a smaller district.

VOTE NO ON JUNE 2nd

Then the County Committee can adopt a more sensible alternative plan without surrendering control of our schools to professional bureaucracy.

HERE'S THE FAMOUS 'TFX'

In Washington, Defense Department yesterday released this drawing of the movable-wing design of the F-111, two-man tactical fighter to be built for both Air Force and Navy. First test model of the craft, which gained fame in Congressional probes under the 'TFX' label, should be completed later this year. For takeoff and low-level, low speed flight, wings will be forward; at high altitude, high speed, wings will fold back toward tail. (AP Wirephoto)

BOARD IS UNHAPPY, BUT PASSES PLAN

Supervisors Don't Want Eichler To Top Two Knolls On Strawberry Peninsula

The Marin County Board of Supervisors argued an hour yesterday to try to convince developer Joseph P. Eichler to change his plans for development of Harbor Point on the Strawberry Peninsula. They failed and then unanimously approved the plans as presented.

Supervisor Peter H. Behr first moved for approval, then withdrew this and moved denial of the plans, but could not get a second. He then voted for Supervisor George H. Ludy's motion for approval.

Major objection to the plans came on a proposal to cut the tops off two knolls at the tip of the peninsula. The county master plan calls for these areas to remain as parks, with one-acre minimum lots allowed. But the area is zoned for 7,500 square-foot lots.

The Eichler plan calls for lots averaging about a half acre, plus additional lots on an island on the east side of the point, to be filled to form two small peninsulas.

Behr said he would be willing to trade a high density development, or cluster housing, elsewhere on the property if the hills would remain uncut. Eichler answered he did not want a cluster development.

Landscape architect Anthony M. Guzzardo said the grading plans would save virtually all the trees on the point. He noted that there are no trees on the hilltops.

"There are no trees on Everest, and still many people think it is beautiful," commented Behr.

"It will be like Belvedere Island," predicted Guzzardo.

"It will be Belvedere Island with the top cut off," answered Supervisor Byron W. Leydecker.

Supervisor William D. Fusselman said he would work for a delay in the project if a drive could be started to purchase the hilltops.

Mrs. Margaret Azevedo, a chief opponent to the Eichler plan, said county residents in the past have "shut up, and then put up" to buy land to save it. But she was silent when Fusselman asked her if she believed a subscription drive to raise funds could be successful.

Leydecker, noting that Eichler had worked on the plans with the county planning staff and had gained planning commission approval, complained that machinery for dealing with developments is faulty.

Architect Leland Flood said high rise apartments on the point would allow creation of a 50-acre park, but Behr said building of high rises would be allowed "over my dead body." Eichler said too many apartments are now being built, anyway.

Public Works Director Donald R. Frost, reporting on complaints the development would create a heavy traffic load on Strawberry Drive, said the road now carries 800 cars a day and should be able to carry 7,500 a day.

Secret 'Angel' For Hospital Is Revealed

The name of a long-anonymous donor who gave $630,642 to Marin General Hospital was made public yesterday.

Dr. Wilson O. Goddard, former president of the Marin Hospital District, in a letter to the district board disclosed the money was given by Mrs. Kenny Calkins Gruenhagen of Black Point.

The money was used to match Babcock Foundation funds for construction of a new wing to the hospital, purchase of the cobalt unit and medical library.

PHILANTHROPIST'S KIN

Mrs. Gruenhagen died on Feb. 10. Her family now sees no reason for the gift to remain anonymous, Dr. Goddard wrote.

"She expressed great satisfaction in the completion of the expansion of Marin General Hospital and felt that this satisfaction was adequate recompense for her generosity," his letter said.

Mrs. Gruenhagen, a sister of San Francisco philanthropist Walter Johnson — who chose restoration of the Palace of Fine Arts for his largest gift — came to Marin County in 1910. She resided many years in Mill Valley and in recent years at 89 Harbor Drive in Black Point.

MEMORIAL PROPOSED

Her husband, Charles, still living in Black Point, was formerly secretary-treasurer of American Forest Products Corp. and secretary of the Friden Corp., the source also of Johnson's wealth.

When the letter was read to the hospital board, chairman Ernest N. Kettenhofen proposed that a memorial in honor of Mrs. Gruenhagen should be discussed. Board member Charles A. Rowe said the files should first be searched to see if she is on record against such a memorial. He said he believed she did not desire one.

Kaiser Gives Barbed Views On Opposition

Leland M. Kaiser lashed out against Democrats and his chief Republican competitor, George Murphy, in his final swing through Marin today.

A large turnout of about 70 greeted Kaiser at an 8 a.m. breakfast at Dominic's Restaurant in San Rafael.

Kaiser, running for the Republican nomination for U.S. Senate, described Democrat Alan Cranston as an "extreme left winger." Of Democrat Pierre Salinger, Kaiser said, "I don't think Porky Pierre has anything to offer."

DISCOUNTS MURPHY

Kaiser asserted that Murphy, former Hollywood actor, lacks the financial background that he (Kaiser) has. "People say we don't want a song and dance man in Washington; there's enough entertainment there now," he declared.

Kaiser criticized "shocking deterioration" in the Democratic administrations both in Washington and Sacramento. He said Democrats are engaging in a "shakedown of defense contractors" by selling pages of advertising for $10,000 to $15,000 per page.

He said State Controller Cranston's accepting contributions from 140 inheritance tax appraisers whom he appointed is "legitimized graft."

FORMULA FOR FAILURE

"We are plagued with fuzzy-minded and soft-headed thinking in Washington," Kaiser declared. He blamed troubles in Panama, Cuba and Southeast Asia on the lack of a foreign policy and the "fuzzy thinking and soft-headedness" in Washington.

He offered this "simple solution to bring Fidel Castro to his knees"—boycott all nations that continue to trade with Cuba.

Kaiser admitted such a policy would create some friction with U.S. allies, but "the formula for failure is to try to please everyone."

The candidate acknowledged that he does not have the support of labor leaders, but he is confident he will get support from workers because "Kaiser means jobs."

Kaiser declined to align himself with Nelson Rockefeller or Barry Goldwater. He said he counts supporters of both among his backers. "I'm not a Goldwater Republican or a Rockefeller Republican; I'm a Lee Kaiser Republican. I paddle my own boat," he asserted.

On civil rights, he is "against Jim-Crowism and also against special privileges." He said the Civil Rights Bill passed by the lower house is "90 per cent an excuse for the federal government to stick its nose into other people's business and 10 per cent civil rights."

San Anselmo Trustees Vote Against Rec Aid

Trustees of the San Anselmo School District last night voted against a $3,000 contribution to the City of San Anselmo for recreation.

The school board said the district was financially unable to participate in the recreation program, but when a recreation director is hired and a program adopted, the school board would like to be able to evaluate the program, with the possibility of making a contribution then.

Supt. Stephen L. Parodi said the district has used its community service over-ride tax to purchase and develop new playgrounds to be used both by city and schools.

Trustees delayed a request by Sunny Hills board of directors to trade strips of land, permitting a road project by Sunny Hills and making the school district's Red Hill site slightly more square and less rectangular.

Delay was to allow some assurance from Sunny Hills that litigation over a road sought by the Cypress Abbey Cemetery had been successfully resolved. Parodi said trustees want to be assured the school district will not become involved in the dispute.

The board accepted the resignation of David L. Raffo, Isabel Cook School teacher, who will become teacher-principal of Tomales Bay School next school year.

Trustees voted to hire Richard Barry Connell from the Monterey School District to serve next school year as principal of Wade Thomas School at $10,404 a year. He will replace Mrs. Marian Merritt, who requested a return to teaching at Wade Thomas. Connell was hired after the board interviewed three applicants.

Trustees granted tenure contracts to Mrs. Ruth Corson, Mrs. Dorothy Brooks, Mrs. Jeanne Thompson and Mrs. Rose Kenney.

Hospital To Try For Lower Rates

The Marin Hospital District board last night agreed to make a "college try" to lower room rates at Marin General Hospital.

Board member Charles A. Rowe brought the subject up, saying that with construction completed and more beds available "there should be serious review of the rate structure."

He added: "With the hospital now twice its former size, the citizens of the district should get the benefits of increased efficiency."

Board Chairman Ernest N. Kettenhofen agreed "we should make a real college try. We should not cut the quality of service, but keep the hospital the finest in the county."

The Marin Hospital District board also:

1. Voted to increase the number of active staff members from 130 to 150 because of the increased number of doctors in the county and more facilities being opened at the hospital.
2. Approved a change in the bylaws of the volunteer council putting control of funds under the business office instead of the volunteers because finances have mounted beyond the "housewife accounting method."
3. Heard Dr. Scott Strathairn, assistant chief of staff, report that "Mother, baby and doctor are doing well," referring to Dr. Stanford W. Ascherman's successful delivery of the baby of Mrs. Joyce E. Conway of San Rafael yesterday.
4. Denied the claim of Wilson R. Vickers of Pacific Palisades who claims that a drug administered to him while he was in the hospital caused his loss of hearing.
5. Voted to give former presidents and chiefs of staff certificates of recognition for their services to the hospital.
6. Decided to participate in a study of nursing needs in California with about 40 other hospitals, at a cost not to exceed $500.
7. Heard a letter from William R. Tally of 15 Meriam Drive, San Rafael, former mayor of Corte Madera, praising hospital staff members for friendliness and service while he was under treatment for injuries suffered in an automobile accident.
8. Adjourned into an executive session to review progress of the hearing demanded by Ascherman on the board's denial of surgical privileges.

Team Teaching Plans For Granada School Outlined

Team teaching plans for Granada School were presented to the Reed School District board by Supt. Edward C. Pino at last night's meeting in the Del Mar School little theater.

Two teams will be hired for the school's first two clusters, on which construction started last week and which Fostmeier Construction Co. of Petaluma has contracted to complete by Oct. 17.

Each team will consist of one half-time teen aide at $2,000 per year; a volunteer parent, and two student teachers from San Francisco State College, unpaid; one fulltime teacher intern from Dominican College, $5,000; one team teacher (junior member with limited experience), $5,625; one team teacher (senior member with goodly amount of experience), $8,250, and one team leader (a master teacher with many years of experience), $9,500—a total of $30,375.

Each team will work with approximately 100 children.

The cost of four conventional classrooms of 25 students or more in the Reed District, according to Pino, is $33,000 — four teachers at $8,250 apiece.

The board approved the team teaching plan.

Eighteen Redwood High School government students visited the meeting and heard Raymond P. Delrich present a report on a social behavior project for young people. Delrich, a Belvedere resident, said he had been disappointed by the response to a survey sent to parents of Reed sixth, seventh and eighth graders. The social behavior committee will continue its discussions "in the interests of a minority group which feels the need," he said.

Salary schedules of non-teaching personnel were discussed and set over for further consideration in June, particularly with reference to what Mill Valley, Reed's nearest neighbor, pays.

The Reed School District Trustees Also:

1. Commended the staff on the all-arts festival and on its recognition by the Ford Foundation.
2. Heard that the final unit, the science building, of Del Mar School will be turned over this week to the district by the contractor.
3. Heard that a report of the North-Central School site will be ready for the board at the June 23 meeting.
4. Learned that Reed District will receive about $20,000 in new state aid money for 1964-65 school year.
5. Heard a report on summer school to be held at Bel Aire School with no bus transportation as an economy measure at a net cost of $5,000.
6. Approved probationary contracts for Nancy Klinger and Mrs. Lynne Stalmaster as seventh-eighth grade history teachers and Mrs. Norva S. Fagg as seventh-eighth grade home economics teacher.
7. Tabled action on health and welfare benefits necessitating the levy of a permissive override tax until the June budget meetings.
8. Approved a five-year bus transportation contract commencing July 1 with Pachett's Bus and Transportation Co.
9. Approved early tenure rights and privileges for Flora Flore in executive session after the open meeting.

This Burglar Reverses Procedures

A burglar who took about $385 in cash from Hoagy's Tavern, 711 Fourth Street, San Rafael, early yesterday had to break out rather than break in, San Rafael police reported today.

Since there was no evidence of break-in, police believe that the burglar hid in the bar until after the 2 a.m. closing.

The burglar took a canvas money bag, containing about $375 in cash and a $23 check, from behind beer kegs under the bar, and a bag of 1,000 pennies from under a desk in the liquor room.

Police found lug wrenches that had been used to pry open the liquor room. They said the burglar escaped by forcing open a bathroom windows and pushing out the screen.

The burglary was discovered at 6:40 a.m. yesterday by the janitor, Joseph Clements.

Father Of Six Found Dead In Station Wagon

A Tiburon Peninsula father of six was found dead in his car yesterday by two boys from Marin Country Day School.

A bullet wound in his chest was self-inflicted, the Marin County coroner's office said today.

The body of Lawrence Dolphin Mayer, 48, of 75 Pamela Court, Bel Aire, was found by Machael Hall, 13, of 1 Golden Hind Passage and John Reed, 12, of 10 Golden Hind Passage, Corte Madera, in his car parked off Paradise Drive near the school.

The boys were riding on bicycles when they spotted the body sprawled in the passenger seat of a 1964 Ford station wagon. They returned home and notified their parents, who called police.

Asst. Coroner William C. Bradley said a .45-caliber automatic pistol was found in the car beside Mayer. Mayer's wife, Gloria, said he had been depressed recently over inability to find work.

Mayer, who had been a salesman for engineering equipment firms, was a native of Minnesota. He had lived in Marin County six months. He was an Army veteran of World War II.

Novato Woman, 31, Missing Since Monday

Clara Mae Troendle, 31, of 547 Norman Drive, Novato, has been missing since she left work on Monday, her husband, S/Sgt. Emil L. Troendle, reported to Novato police last night.

Mrs. Troendle left her place of employment at United Exhaust Co. at 889 Fourth Street, San Rafael, at 6 p.m. Monday, according to Novato police. She was described in an all-points bulletin by Novato police as five feet five inches tall, weighing 105 pounds with brown hair and hazel eyes. When last seen, she was wearing a green dress, black sweater, white shoes and gloves, and sunglasses.

'Desert Strike' Body Is Found

NEEDLES (UPI) — The body of an Army private missing since Sunday in the 13-million-acre battleground of "Operation Desert Strike," was found yesterday in a remote desert-mountain area.

The soldier was identified as Charles B. Smerigan.

Cause of death still was under investigation but an Army spokesman said the wound allegedly was self-inflicted. Smerigan had been shot in the chest with a .45-caliber automatic.

WASHINGTON (AP) — The Civil Aeronautics Board ordered today a publis hearing at Oakland next week on the cause of the airplane crash in which 85 persons were killed near Lake Tahoe March 1.

CAB Vice Chairman Robert T. Murphy will head the board of inquiry. More than 25 persons will be called to testify in what is expected to be a 3-day hearing. The hearing will open Tuesday.

Redwood Bark Is Selected Best Paper

The Redwood Bark, student newspaper at Redwood High School, was honored as the best of the three Tamalpais High School District news organs at an awards dinner last nigh at Sabella's in Alto.

A trophy symbolic of the award was presented to Gary Artoux, Redwood Bark editor, by William Hogan, San Francisco Chronicle book editor who was master of ceremonies at the dinner.

Award for the best news story in any of the three papers went to Kathie Foisie of the Tamalpais News at Tam High; best editorial award, to Laura Schellhorn of the Jolly Roger at Drake High; best feature story, Lynn Diamond of the Redwood Bark, and best sports story, Phil de Fremery of the Redwood Bark.

Judges of the competition were Bryce W. Anderson, city editor of the Independent-Journal; Katherrine Mills, editor of the Mill Valley Record, and Gale Cook, city editor of the San Francisco Examiner.

William German, San Francisco Chronicle news editor, spoke to the journalism students on the job of putting out a daily metropolitan newspaper.

State Fair Practices Code Is Expanded

SACRAMENTO (AP) — Merchants who sell to the state will now have to pledge they do not discriminate in hiring, Gov. Edmund G. Brown announced today.

Expanding his code of fair practices aimed at eliminating racial discrimination in the state government, Brown said he had issued an executive order requiring the pledges in all contracts.

North Marin Water Board Lowers Taxes

The North Marin County Water District board last night adopted a $498,108 budget and lowered the tax rate five cents for the fiscal year 1964-65.

The tax rate reduction is the second in two years, noted Jerome B. Gilbert, district manager. It was lowered from 32 to 27 cents per $100 assessed valuation this year and from 27 to 22 cents for next year.

"The reduction in the tax rate was made possible by water revenues and new connection charges carrying a larger portion of the expenses," Gilbert said.

This budget for next year is $48,930 more than the $449,078 of this year. It calls for $435,790 in capital improvements which come out of the bonds voted in 1960, Gilbert said. These include $199,790 for pipeline replacements and improvement, $162,000 for remodeling the district offices and construction of the corporation yard, and $69,000 for new storage tanks.

Dixie Meeting

Trustees of the Dixie School District will meet at 8 p.m. today at the district offices at 35 Trellis Drive, San Rafael, to again discuss whether to increase the school library staff, to set administrative and classified salaries, and to open bids for furniture for the new Miller Creek School.

Waterfront Hearing Set In Sausalito

The waterfront committee of the Sausalito Planning Commission will present two possible courses of action to the commission at its meeting tonight relating to the proposed waterfront development by Sausalito Properties, Inc.

One is a moratorium on fill of all tidelands and submerged land along the Sausalito waterfront to permit time for a comprehensive review of applicable portions of the general plan.

The other course is review of the Sausalito Properties proposal to see about a design modification that would correspond to the desires made known by Sausalito citizens.

The committee, said Norman Murdoch, chairman, felt there is no basis for a specific recommendation for rezoning waterfront lands in the absence of a comprehensive review of the general plan.

Two Clubs Reinstated At College Of Marin

The International Relations Club and the Young Republicans at the College of Marin were reinstated in the Inter-Club Council Monday.

It was determined that the clubs had not been sent a warning letter for lack of attendance at the council meetings. Instead by secretarial mistake, the two clubs were sent letters notifying them they had been dismissed from the council, according to Rick Skinner, council president.

Oldest Captive Monkey Dies

SAN DIEGO (UPI) — Officials at the San Diego Zoo today disclosed the death of the oldest monkey in captivity.

The monkey, named Irish, died Sunday at the age of 37 years. Cause of his death was attributed to old age.

Irish was a hooded cabuchin monkey, a species found in the northern part of South America.

Car Knocks Down Boy In Novato Parking Lot

Manuel Richard Means, 6-year-old pupil at Marion School in Novato, skinned his knee just before noon yesterday when he was knocked down by a car driven by Shirley Jane Bitti, 32, of Petaluma, in the Lee Brother's Market parking lot at Seventh Street and Grant Avenue, according to Novato police.

Mrs. Butti told police the boy darted from between parked cars. Manuel, son of Mrs. Theresa Means of 1129 Mirabella Avenue, was treated at Novato General Hospital.

Larkspur School Bus Purchased By Church

The Larkspur School District board last night sold its one remaining bus to St. Andrew's Presbyterian Church of Marin City for $300.

The 15-year-old bus has not been used since the district discontinued bus service because of lack of funds.

Fervid Protest Fails, Street Plan Approved

In spite of the fervent efforts of virtually all residents of block-long Aqua Vista Drive to prevent their street from being extended into a planned duplex development, the San Rafael Planning Commission last night recommended that the city council give San Rafael Newport Co. a go-ahead on the project.

Two commissioners, Carl S. Brown and Walter J. Coyne, were absent from the session as planned community zoning and a use permit were approved by 3-2 vote.

Voting in favor of the motions were Thomas R. O'Toole, Charles J. Hendrickson and Chairman Pat Hetherton.

The company plans to build seven duplex units in a circular arrangement, with the only access being from Aqua Vista Drive.

Acting City Planner Daniel P. Coleman recommended approval subject to several engineering conditions. But commissioners Orlando Conti and Fred C. Robbins Jr. indicated they agreed with the letters of Aqua iVsta residents, and with attorney Charles W. Pierce, who argued that a cul-de-sac at the end of the street should stay closed.

A motion by Conti to deny Aqua Vista Drive access was defeated by the same 2-3 split.

Two requests for construction of warehouses were granted. Carl Weber was given architectural approval for a warehouse on the east side of Irwin Street near Lovell Avenue; use permit and architectural approval were approved for Ed Lang, who plans to build a warehouse and shop building on the south side of Larkspur Street near Alto Street.

The San Rafael Planning Commission also:

1. Denied the request of C. V. Whitlach to subdivide three lots on D Street west of Wolfe Avenue, when Whitlach and several neighbors were unable to reach agreement on conditions to be imposed.
2. Approved the request of Robert Antonioli to subdivide two lots on Bungalow Avenue and McCoy Road, subject to his providing two more on-site parking spots than is usually required, since Bungalow is considered a "substandard" street.
3. Gave architectural approval for an addition to the rear of San Rafael's Joe's Restaurant at 931 Fourth Street, and for addition of a multi-purpose room to St. Isabella's Parish School, 1 Trinity Way.
4. Approved new version of plans previously denied Bonnie Graf, who plans to convert a house into five apartments at Marin and Ross streets, subject to his re-routing a driveway to avoid removal of a tree in the street right-of-way.
5. Approved use permit and architectural plans for a triplex for Charles Kuhn on the east side of Elizabeth Way, subject to engineering approval of drainage and curb cuts.
6. Recommended renewal for two years of use permit for Herbert Saxton's equipment storage and repair shop at 95 Lisbon Street.
7. Approved a use permit for Carcano and Velcich Inc. to set up a contractor's yard on Jordan Street opposite Davidson Junior High School, provided the firm erects an "opaque" fence.
8. Postponed to June 9 action on the tentative map of Terra Linda Unit 22 subdivision, proposed by Kenney Homes Inc.; on additions to an office building at 508 Fourth Street, proposed by Dr. A. J. Nicolai, and on a tentative map for Hazel Estates on Clayton Street near Ross Street, proposed by John MacPhee.

Foreign Aid Cash Over One Hurdle

WASHINGTON (UPI) — The House foreign affairs committee today formally approved intact President Lyndon B. Johnson's 3.5-billion-dollar foreign aid package. But Johnson was put on notice the real test still lies ahead.

Chairman Thomas E. Morgan (D-Pa.) said the committee recommended the aid bill to the house by a 22-7 vote. All efforts to cut the bill had been voted down previously.

Morgan expects to call the bill in the House the week of June 8.

Communication Policy Voted For Schools

A policy to assure "complete lines of communication" in the government of the San Rafael schools was approved last night by 3-2 vote of the San Rafael Board of Education.

Board members Walter J Doll and Carl J. Brown voted against the policy after a long discussion that failed to "communicate" fully what prompted the new policy.

Board member John M. Bagshaw, who serves with board member Bella H. Aaron on a policy making committee, said the communications policy was prepared on request due to a specific situation that existed. But he failed to be specific as to the situation.

The policy calls for principals of elementary and high schools to submit written reports to their superintendents and the board on problems or unusual conditions. The reports are to be submitted at least once every three months.

Mrs. Aaron said the policy would assure "more open channels" of communication.

Doll wondered about its purpose and suggested it appeared to bypass the assistant superintendents.

Supt. Bert C. Corona said he receives reports from principals in the elementary schools twice each month and is going to establish a similar procedure in the high school district.

Bagshaw and Mrs. Aaron wanted the reports to go to the board as well as to Corona.

The San Rafael Board of Education also:

1. Learned that the standardized testing given elementary school pupils this year has not been adjusted to test for the "new mathematics." As a consequence, the tests showed weakness in arithmetic fundamentals while arithmetic reasoning was on par or above pupil achievement in other areas, said Mrs. Eve Geiger, elementary curriculum consultant.

2. Agreed to purchase two new textbooks, "The American Parent" by Thomas A. Bailey (D. C. Heath and Co.) and "Retail Merchandising" by John W. Wingate (South-Western Publishing Co.). Vote on the purchase was delayed two weeks to give anyone interested time to examine the books.

3. Voted to renew the contract with station KQED (channel 9) for educational television in third through sixth grades next school year.

4. Accepted the resignation of William Purcell, physical education teacher at Terra Linda School.

5. Appointed Mrs. Jesslyn A. Hilt, high school mathematics teacher; Elaine Pope, high school business education teacher, and Robert P. Tobias, high school arts and crafts teacher, all effective Aug. 27.

Mayors Council Meets Tonight

City-county cooperation in fire protection and law enforcement will be discussed at a public dinner meeting of the Marin Council of Mayors and Councilmen at 6:30 p.m. today at Peacock Gap Country Club in San Rafael.

Chief Vance Trivett of the San Rafael Fire Department will describe the joint response agreement among fire departments in Marin. Sheriff Louis P. Mountanos will talk on cooperation between his department and city police forces.

Will Smith, executive manager of the Assn. of Bay Area Governments, will describe the Bay Area transportation study now under way. San Rafael will be host city for the meeting.

Toddler Strangles On Party Balloon

BERKELEY (AP)—Doctors said a 2-year-old boy strangled to death last night on a balloon given him at a friend's birthday party.

After the party, Daniel T. Price went to play in James Kenny Park, where he was found unconscious. He was pronounced dead at Herrick Memorial Hospital.

Tempers Flare Over School Board Issue

Tempers went a little frayed last night during the meeting of the San Rafael Board of Education.

Board members were discussing budget adoptions when Walter J. Doll began questioning points in the recommended salary schedule for classified (non-teaching) employees. He wondered about a longevity provision that would give $21 per month raises after 10, 15 and 20 years of service.

Board member John M. Bagshaw called for a point of order, saying there was a motion on the budget and Doll's discussion was not in accord with Robert's Rules of Order.

This roused the ire of Board Chairman C. Paul Bettini, who announced he was running the meeting and would call for the vote when he wished.

"Well, I object," Bagshaw declared.

Later, the tension eased off somewhat when Doll apoligized for taking so much time on deliberations. Bagshaw said he apologized also.

"There's no need for either of you to apologize," Bettini said.

"Let the record show that I did not apologize," Bagshaw said, getting some laughter from his fellow board members.

"Really, John, it is a bit irritating," Bettini said of Bagshaw's earlier interruption. "Don't worry, I'll get you out by 10 o'clock."

And he did, the meeting adjourned at 9:30 p.m., far earlier than normal. Next meeting will be June 9.

Before adjournment, the board voted 4-0 in favor of the longevity provision for classified employees, with Doll abstaining.

Heart Group Elects New Leadership

Dr. Leo A. Wagner was chosen as president-elect of the Marin County Heart Assn. at its annual dinner last night, placing him automatically in line to assume the president's chair next year.

About 48 persons, mostly members, attended the association's annual dinner, which was combined with an open house of new quarters at 1108 Irwin Street, San Rafael.

Other officers named were Lawrence I. Kramer and Charles Geller, re-elected as vice president and treasurer; Mrs. George Steele, secretary, and Mrs. A. L. Nieri, chairman of the board of directors.

Dr. Marjorie E. Belknap, current president-elect, will become president when new officers are sworn in July 1.

Members chose these new directors:

Three-year terms—Mrs. Walter Nagel, Dr. E. W. Miller, Dr. Eric Gillette, Dr. Paul Kingsley, Arthur Lebow, Mrs. H. E. Wall, Mrs. M. K. Barun and Dr. E. A. McCrum, outgoing president. Two-year terms — Mrs. Henry Chapman, Dr. Royce True and Dr. Chad Calland. One-year terms — Clifford Lund, Thomas Lathrop and Mrs. Helen Davis.

Thomson defeated Tim Culver for the post.

Karen Jensen, daughter of Mrs. Eileen Jensen, 40 Windsor Avenue, was elected head of senior class yell leaders, defeating Genetha Day.

In a runoff for head of student body yell leader, Pat Ford, daughter of Mr. and Mrs. Thomas Ford, 51 Beach Drive, San Rafael, defeated Lecki Fairchild.

Mike Walraven, son of Mr. and Mrs. Edward Walraven, 316 G Street, was elected head of junior class yell leaders, defeating Rita Pashilk.

Carol Keys, daughter of Mr. and Mrs. Arthur J. Keys, 4 F Street, was elected head of the sophomore yell leaders, defeating Nancy Tabor.

2 Rights Juries Are Deadlocked

SAN FRANCISCO (AP) — Two juries, deadlocked for the second time in the trials of 19 civil rights demonstrators, were dismissed last night.

A motion made immediately afterward to dismiss all charges against eight defendants was swiftly denied by Municipal Court Judge Clarence Linn. About two hours earlier, a deadlock in a trial of 11 defendants was reported to Judge James J. Welsh.

All 19 persons were arrested on charges of disturbing the peace during demonstrations at the Sheraton-Palace Hotel. Their first jury deadlocks came April 24.

Tentative School Budget Contains More Teacher Pay

The San Rafael Board of Education last night adopted tentative budgets for both high school and elementary school districts which provide for $152,709 more in teacher and administration salaries.

This was after several adjustments in Supt. Bert C. Corona's earlier recommendations. The aim in changes was to beef up reserves to near 5 per cent of the budget totals.

The proposed elementary school budget for fiscal 1964-65 totals $2,597,472 with a reserve of $118,798. The proposed high school budget totals $3,440,450 with a reserve of $163,387.

Most-discussed cut was the budget for the publications department, the cost of which has been split between the districts. In Corona's recommendation submitted last night, the position of publications officer, held by Mrs. Lillian Seaver, had been done away with. There was only $409 left in each budget for service of a secretary.

Board Chairman C. Paul Bettini said he would like to see a publications officer retained, at least on a half-time basis. Members Walter J. Doll and Carl J. Brown agreed, but Mrs. Bella H. Aaron objected.

She has urged doing away with the post, arguing that parents and other interested citizens can find out soon enough if the schools are doing a good or bad job.

But the 3-2 majority agreed Corona should attempt to retain the office on a half-time basis. Business Manager Charles L. Condrotte said Mrs. Seaver had told him she would not want the job on a part-time basis. Doll said, and others agreed, that they were talking about a position, not a person.

Also discussed was a proposal to grant extra pay to coaches and others doing extra-curricular work. No funds are granted now. Under a schedule proposed by Corona, a head varsity football coach would receive $450 extra for his work. A head coach in another major sport would get $350, assistant coach in a major sport $250, a marching band adviser would get $250, and so on.

At Doll's suggestion, this was put off until the June 9 meeting.

The board agreed to raise hourly teaching pay for summer school and adult education from $5 to $6. It also agreed to raise pay for long-term substitute teachers from $24 to $25 a day and for short term from $21.50 to $22.50.

The board voted on re-appointments of classified staffs in both districts, including a raise for Condrotte from $9,700 to $11,000 per year.

The teacher pay boost recommended by Corona calls for a range from $5,200 to $11,606 with 14 steps for annual increments. The San Rafael chapter of the California Teachers Assn. had asked a new range of $5,250 to $10,690 a year with 13 steps. Current salary range is $5,100 to $10,030, with a 14-step schedule.

Hospital Board Shuns High Rise Controversy

A suggestion to "not oppose" construction of a 12-story retirement residence near Marin General Hospital by Ernest N. Kettenhofen, hospital district board chairman, was by-passed last night by fellow board members.

Board members Charles A. Rowe and Marion C. Ibach said they wanted to study the proposal for the retirement residence before making any decision. The matter was referred to the board's planning committee.

A new enterprise officially opened last Saturday night under the Dock Restaurant, Tiburon. It is **La Musee Mecanique**, a mechanical museum operated by **Edward G. Zelinsky., George K. Whitney** (of the Whitneys-at-the-Beach, San Francisco) and **Floyd Gillman**, whose hobby for 20 years has been mechanical musical collections.

Some merchants on Main Street are referring to it as a penny arcade. Mechanical birds, animals and dolls go into action and sound when you drop coins in the slot. Many of the gadgets are from Whitney's-at-the-Beach, preserved from last year's fire.

WE ARE SORRY to note that Mag-Powr Games, Inc., at 439 Du Bois Street, San Rafael, has closed its doors—albeit this may be only temporary. At this writing there was no definite information on what might happen here, but we hope there will be a reopening soon.

JOHN S. LEWIS of Sausalito has announced the formation of a new corporation, **Comstock Aviation, Inc.**, which will become an authorized Piper Aircraft dealer for the Oakland area. The firm has leased the 1,800-square foot former United Airlines ticketing section of the old Oakland Airport building and will engage in extensive remodeling for its sales offices. New and used aircraft, leasing and flight instruction will be handled, and an opening is scheduled early in July. Lewis has recently been in Sausalito real estate.

RICHARD W. FOWLER of Terra Linda has been promoted to installment loan manager of **Redwood National Bank**. He joined the bank last December, coming from Crocker-Citizens. Fowler replaces **Steven C. Keeler** who has moved up to the commercial and real estate loan department.

MARIN RESIDENTS Herbert M. Hanson Jr. of Mill Valley and **C. Brock Thompson** of Sausalito were 1964 graduates of the Wharton School of Finance and Commerce, University of Pennsylvania. The course is sponsored by the Investment Bankers Assn. of America.

Hanson is with **Paine Webber, Jackson and Curtis**, and Thompson is with **R. W. Pressprich Co.**, both San Francisco firms.

EDWARD W. MOEWS of **Nationwide Truck and Trailer Rental**, San Rafael, has been made a director of a new association formed by Bay Area county rental dealers to work for better legislation pertaining to their industry and form a training and personnel safety program.

DUDLEY STECKMEST of Kentfield represented **Metropolitan Life Insurance Co.**, at the National Industrial Cafeteria Manager's Assn. in Chicago last week . . . **Jack Carr** of San Rafael has been appointed an agent for **Richard A. Secrist Agency** of John Hancock Life Insurance Co.

DRIVING TO MARKET is customary in Marin where few live within quick walking distance of stores.

But after you've passed the jitterbug or twist stage, pressing down the accelerator and brake pedal simply isn't enough exercise for your feet, and poor foot circulation is a common complaint, according to **Ernest** and **Inga Carson** who opened **Carson Massage Center** at 18 Latham Street, San Rafael, about seven months ago.

They have developed what they call "compression massage" for non-walkers. It is, says Carson, the next best thing for your extremities to putting them back on the ground full-time.

Beauty Parlor Changes Hands

Coiffures and Color, a beauty shop, has opened under new management at 13 Bernard Street in Mill Valley, having been purchased by Floyd Elkins of Pacifica from Brock Stevens. Stevens sold the business to return to New York.

Formerly called Coiffures in Color, the name has been changed and the salon will be under direction of Hugh Leppo of Sausalito.

Ruben Montano remains as master hair stylist and Jeanette Kai, a stylist, will commence work soon. The salon is closed Tuesdays and is open Thursday until 9 p.m.

Realty Men Hear Talk On Lobbies

More than 100 Marin County real estate brokers were hosted at a luncheon yesterday at Dominic's Harbor Restaurant by the Independent-Journal in observance of National Realtor Week.

The group was addressed by Ben Martin, general manager of the California Newspaper Publishers Assn., on political activities in Sacramento during and since the recent session of the state legislature.

A self-described lobbyist for the newspaper industry, Martin likened lobbying in the state capitol to the position of a real estate broker dealing with the public.

"One of the truisms about lobbyists is that you never tell a legislator anything false about a piece of proposed legislation — otherwise you will never tell him anything again," he said. "Similarly a realtor is obligated to disclose all the facts about a piece of property he is trying to sell."

He said there is nothing wrong with an industry employing a lobbyist to tell lawmakers how legislation is likely to affect its interests. He pointed out that during a legislative session there are usually about 6,000 bills to be considered, and legislators must rely on people they can trust for the facts.

Most of the 500 registered lobbyists try to tell the truth as it relates to their position, and do not resort to wild parties and "call girls," he said.

BIRD'S NEST—Mrs. Melville Rhodes of Santa Barbara had the surprise of her life the other day when she was about to take her son Jim's jeans off the clothes line. A bird had built a nest and deposited three eggs. The family is patiently waiting for the eggs to hatch so Jim can have his jeans back. (AP Wirephoto).

Car Theft Ring Of Juveniles Seems Smashed

Marin County sheriff's officers said yesterday a car theft ring involving eight vehicles is believed broken up with arrests over the past several days of 13 juveniles.

William Johansen, deputy with the juvenile division, said five suspects have been booked at juvenile hall, three cited to the probation office, and five more reprimanded by his department and released to their parents.

Johansen said boys and girls ranging from 12 to 17 years old have been stealing the automobiles — mostly in the Mill Valley area — and joy-riding to Marin City, where they abandoned the vehicles. In most cases, he said, a master ignition key was used to start the cars.

In some cases, he said, the car was passed to another gang member, but seldom kept over 24 hours.

Johansen said only a few actually were involved in stealing the cars, and the others were passengers.

All eight cars have been returned to their owners, with only one damaged, he said.

Arrest of a 15-year-old Santa Rosa boy May 15 was the first break in the case, Johansen reported.

Like Ike, LBJ Sparks Boom For Hatters

ST. JOSEPH, Mo. (UPI) — The hat business is on the upgrade, with emphasis on Texas-style head pieces, a spokesman for a hatmaking firm says.

He described the model, which he called the "LBJ hat," as "a popular, semi-western dress hat." The pre-creased hat has a 2½ inch brim. A decorative pin is attached to the band.

Novato '9' Nips Tam By One Run

Despite a Tamalpais triple play, the Novato High School baseballers managed to eke a 3-2 Marin Athletic League victory over the Indians yesterday in Novato.

Bolstered by Gary Fitz's fine five-hit hurling, the Hornets used skill and speed on the basepaths to mold their six safeties into the winning tallies.

Tam broke into the scoring column in the opening frame, which John Hammond led off with a single. Rick Miller sacrificed him along and, as Indian pitcher Alex Robertson was striking out, Hammond went to third on a wild pitch by Fritz. Greg Tellis then drove a double to the outfield to score the run.

Novato took the lead in its half of the first after two were out. John Dolinsek got on on a fielder's choice, stole second, and came home on Charles Larsen's single. Larsen ran down to second when the centerfielder bobbled the ball, and took third on a wild pitch. Indian backstop Gary Stephens let one go through moments later, and Larsen scored easily.

In the second inning, Novato's hopes for a big inning were killed by the defensive gem of the season. George Scherba led off with a base on balls, and Don Phillips singled him to second. Fritz, next up, hit a sharp grounder to second baseman Miller, who stepped on second for the force and threw to Robin Prosch to double-up at first. Prosch, playing heads-up ball, went to catcher Stephens with his throw, and Scherba was subsequently caught in a rundown to complete the triple killing.

There was no further scoring until the sixth, when Phillips singled for Novato. The fleet-footed third-sacker stole second and third, and scored what was to be the winning run on an infield error.

Tamalpais added one run in the final frame when, after Scheupbach got on on an error and took second on an infield out, Hammond ripped a double to score the run.

Redwood Frosh Baseballers Win

Redwood's frosh baseball team and the freshmen from Novato will meet Friday in a showdown for the championship at 4 p.m. on the Redwood diamond.

Redwood moved its record to 7-2 yesterday with a 4-1 triumph over Drake, Dan White going all the way on the mound to get the win for the Giants.

Novato, 8-1, has clinched at least a tie for the title, but a win by Redwood in the season finale will give the two teams co-championship honors.

DRAKE RUN — Terry Tadlock of Drake slides across home plate in the top of the seventh inning yesterday to put Drake ahead of Redwood 3-2 in a Marin Athletic League game. The run didn't stand up too long, however, as Redwood scored two in the bottom of the inning to win, 4-3. Catcher for Redwood waiting for the throw is Steve LeBeck. Umpire is Roy Roth.

Redwood Knocks Drake Out Of Baseball Title Hopes, 4-3

Move over, Alvin Dark.

Yesterday, Tom Gootherts of Redwood High School, pinch-hitting with two out in the bottom of the seventh, proved that one Giant coach may be as good as another Giant pilot when he slashed a single to drive in the winning run and knock Drake High out of the Marin Athletic League title race.

Redwood won the game, 4-3.

Gootherts' clutch hit proved that the faith in him shown by Redwood coach Al Endriss was based on much more than percentages. Endriss put Tom in to bat for Bill Kilcoyne with runners at second and third. Since Kilcoyne is hitting MAL pitching at a .333 clip and Gootherts is batting a very pale .138, it must have been some kind of fortune-telling ability that prompted Endriss' move.

Redwood's win means that Terra Linda, with an 8-3 MAL record with one game left, has clinched the league title, since the Pirates, with a 7-4 mark before yesterday's loss, were the only team with a chance to catch the Trojans.

Drake, after being shut out for six innings in the must-win game yesterday, leaped on Giant hurler Scott Davi for three runs in its half of the seventh to wipe out a 2-0 Redwood advantage. But the tenacious Giants, who have won four out of their last five outings, held on for the victory.

Davi had held the Pirates to four hits until the seventh, and had whiffed nine enemy batsmen in a fine show. The frustrated Drake hitters finally broke loose on Dave Jacobsen's lead-off single in the seventh. After Tom Manahan popped out to short, Drake pitcher Chuck Simontacchi hit one down to first. Jack Baglietto, the Giant first-sacker, fielded the ball and threw to second to start a game-ending double play. The throw went for an error and Davi was in trouble for the first time with runners at first and second with just one out.

Terry Tadlock continued the Drake onslaught with a single to left, but a fine throw by Kilcoyne kept Jacobsen at third. Kilcoyne's effort was in vain, however, as Loren Galassi smacked a two-run single to center. With Tadlock on third, Davi issued his only walk of the game to Lon Gallagher to load them up again. Russ Damos hit a sacrifice fly to right field and Tadlock came in with the go-ahead rrun, but Al Simontacchi whiffed to give Redwood a chance at the bat.

They never should've done it, because, with one out, Chuck Simontacchi yielded walks to Baglietto and Davi. With Gary Kerch on the mound for the Pirates, and Steve Dorinson running for Baglietto, Dave Cox grounded to short. The speedy Redwood fielder almost beat Tadlock's throw to first and both the Giant runners moved up. Endriss then came up with his magic, and while Gootherts was watching Kerch's first pitches, one of the tosses went through the catcher, allowing Dorinson to come in with the tying run, and moving Davi down to third. The next pitch made 1964 Marin Athletic League history as it gave Gootherts his hit, Redwood its win, and Terra Linda its first MAL baseball championship.

Paterson deserved better fate. After the disastrous second inning, John allowed just one more hit, in the sixth frame.

Marin Catholic Nine Drops San Rafael, 3-1

Ben Burch limited the San Rafael nine to just three hits yesterday to lead the Marin Catholic baseball team to a 3-1, Marin Athletic League decision.

Burch would have had a well-deserved shut-out except for a booming round-tripper hit by Dan Bell in the sixth. Bell was trouble all day for the Wildcat hurler, as, in the opening inning, he met one of Burch's tosses for a triple. But the rest of the San Rafael boys seemed to have troubles seeing the ball. Rod Monti hit another triple in the fourth frame for the only other hit off Burch, who struck out ten while walking just three.

The Wildcats, themselves held to a meager five safeties, made four of them good for three runs in the second inning. Bob Lombardi gave Bulldog moundsman John Paterson a hint of things to come, when he powered John's first offering far into the afternoon sky for a solo homer. Dan Abballo followed with a line single to right field, and Rick Bacich blooped one into left which also fell in. Bob Redding notched Marin Catholic's fourth straight hit with another single to right to drive in Abballo. On the throw-in, Bacich went to third and pitcher Burch came up to squeeze him home.

Burch, on instructions from Wildcat mentor Gary Hughes, tried to bunt one down the first base line, but poped the ball up. Paterson, rushing in to field the bunt, was caught flat-footed as the ball went over his head. He recovered enough to throw Burch out at first, but Bacich came in to score.

N.L. Umpires Threaten To Strike Over Pension Plan

CHICAGO (AP) — The National Baseball League Umpires Assn., having failed to pressure a pension plan increase, has issued a strike ultimatum.

Either the National League meets the association's demands or "appropriate action" will be taken by 3 p.m., July 3, said attorney John J. Reynolds of Chicago, who represents the group.

The move hit such baseball officials as Warren Giles, president of the National League, and Ford Frick, the game's commissioner, by surprise.

However, the umpires' association has been angling for increased pension benefits for the last six months without receiving league courtesy, said Reynolds.

Eighteen of the league's 20 umpires met with Reynolds in Chicago and drafted a letter demanding increased benefits. Copies of the letter were sent to Giles and every team in the league.

Currently, the pension plan for umpires retiring at 55 calls for $200 a year for each year of service meaning an umpire with 10 years of active service would receive $2,000 a year upon retirement.

The association, however, wants this figure boosted to $300 a year for each year of service. Recent dickering resulted in an offer of $250 by Giles which the National League umpires turned down before issuing their ultimatum.

Reynolds said that he and five directors of the group met with league officials at the major league meetings last December. This group also huddled with the National League Pension Committee.

"We made repeated requests for an opportunity to discuss our demands," said Reynolds "but we heard nothing from the league. Two weeks ago we received a letter from Mr. Giles in which he presented his proposal of $250 a year per man.

"We held our meeting and the umpires voted against acceptance. That is our final decision and I don't think we have to hold any other meetings."

Frick said he didn't know anything about a strike threat and added that "I would have to say at this time that it is a league matter."

Umpires in the American League are not organized such as their National League counterparts. American League umpires had a pension plan calling for $150 a man per year of service until this spring when the figure was boosted to $250.

MAJOR LEAGUE ROUNDUP

Mets Go On Rampage To Score 19 Runs On 23 Hits

By U.P. INTERNATIONAL

It was a day of superlatives for the New York Mets, the last place club in the National League without too much history to cite, but for manager Casey Stengel it stirred memories more than rampant enthusiasm.

"Nobody's called me up to try to get any of my players," he said.

The Mets clobbered the Chicago Cubs 19-1, setting club records for most runs in a game as well as most hits, with 23, and Stengel reminisced of days gone by.

"It was like a day I spent out here in 1929, I think," he said, "when I was with the (New York) Giants. I was in the outfield and they kept rattling hits off the walls and I kept running, and I think they set a record for hits that day.

"I was hoping we'd get the record, but it was all right to see those hits coming off the fence, even if we didn't."

The Mets still had enough records of their own. The previous high for the team for runs in a single game was 14 and the previous high for hits was 16. Both were exceeded handily, the hits by the seventh inning and the runs in a six-run ninth inning which fell only one short of equalling the club's best previous inning.

In addition first baseman Dick Smith whacked three singles, a double and a triple to become the first Mets player ever to get five hits in a single game. Ron Hunt bagged four of the hits, and every starter hit safely and drove in at least one run.

Jack Fisher, delighted with the fantastic support, fashioned a four-hitter and went the distance for the first time since May 3, 1963.

The Mets bombing performance, yesterday left the Cubs, who are in ninth place, speechless. There wasn't too much conversation from the winners either.

Aware of their record-setting performance, they were quietly happy, drinking soda pop, in their dressing room. Maybe today they'll be more aware of their achievement, particularly if the Cubs should win.

In other National League games, Houston downed Milwaukee 4-2; Pittsburgh routed league-leading Philadelphia, 13-4; the Cincinnati Reds defeated the Los Angeles Dodgers, 6-2, and rain postponed the San Francisco at St. Louis contest.

In American League action, Baltimore stopped Detroit, 2-1; New York shaded Cleveland, 3-2; Boston defeated Washington, 3-2; Minnesota clipped Los Angeles, 2-1, and the Chicago White Sox at Kansas City game was washed out.

Marichal And Giants To Try Again Tonight

ST. LOUIS (AP) — The San Francisco Giants and St. Louis Cardinals have learned now to advance while standing still.

When their scheduled night game was postponed by a torrential downpour yesterday, the Giants and Cardinals sat back and watched the league-leading Philadelphia Phillies take a 13-4 pasting from the red-hot Pittsburgh Pirates.

As a consequence of the rainout and Philadelphia loss, the Giants moved to within five percentage points of the league lead and St. Louis advanced to within one game of the Phillies.

Juan Marichal of the Giants and Bob Gibson of the Cardinals, two of the hardest throwing righthanders in the league, were to tangle tonight in the delayed series opener at Busch Stadium. Marichal carries a 6-1 record into the contest. Gibson is 4-0.

In view of Pittsburgh's resounding victory over Philadelphia, Giants manager Alvin Dark may be forced to revise his estimate of the Pirates' pennant chances.

Dark said earlier in the week —after the Pirates had taken three of four games from San Francisco at Candlestick Park —that he pegged Pittsburgh for the second division this year because of weak hitting.

After their fence-rattling batting display against the Phillies, however, the Pirates found themselves tied with the Cardinals in third place, just one game off the pace.

Dark's estimate could be confirmed or revised before the current road trip is over. After series with the Cards and New York Mets, the Giants move into Forbes Field next Tuesday for three games with the Pirates.

Fourteen outstanding athletes from Marin high schools were honored last night at the sixth annual KTIM Sportsman's Club Banquet, held at the Tomahawk Lodge in Novato.

Athletes honored were Dave Auerbach and Steve Minutoli from Redwood; Ellis Williams and Robin Prosch from Tamalpais; Terry Tadlock and Charles Simontacchi from Drake; Wade Roberts and John McKinnon from San Rafael; John Miller and Nick Willard from Novato; Dave Beswick and Bob Redding from Marin Catholic, and Bill Lee and Bob Cooney from Terra Linda.

The prep stars were introduced to the guests by coaches from their respective schools and were presented with framed certificates by Hugh Turner, manager of radio station KTIM.

Guest speaker for the evening was Walter Mails, publicist for the San Francisco Giants.

The 14 prep stars, all seniors, were chosen by their schools to be the top athletes of the year.

Houston Sells Former Builder Baseball Star

HOUSTON (UPI) — The Houston Colts yesterday sold outfielder Walt Williams to the St. Louis Cardinals and bought Dave Roberts, one of the Pacific Coast League's leading hitters.

St. Louis picked up the 20-year-old Williams for the $8,000 "first year" player waiver price and sent him to Winnipeg.

THREE-SPORT STAR—Flanked by his coaches, Pete Hayward (left) and Larry Fulton, Cadet Jim Sulger looks over three athletic implements with which he established himself as one of the finest all-around athletes in the San Rafael Military Academy history. THREE SPORT ALL-STAR

Cadet Jim Sulger—One Of Academy's All-Time Greats

By RALPH CHATOIAN

With his prep athletic days now behind him, Jim Sulger, a senior at San Rafael Military Academy, has established himself as one of the outstanding athletes in San Rafael Military Academy history.

And that history dates back to 1890, the year the academy came into being.

Not too many boys can be named to all-league teams in three sports. But that's exactly what happened to this 18-year-old star. He's a lead pipe cinch to be named to the Bay Counties League all-star team this year after a sparkling performance as a pitcher for the Cadets. If chosen, it would mark the third straight season for Sulger, already named to the select baseball group the past two years.

VARSITY TEAMS

He was named to the All-Bay Counties League in basketball for the past two years and was all-league in football last season. During his days at the academy, Sulger lettered in baseball four years, in basketball three years and in football two years, all on the varsity teams.

During his three years playing guard and forward on the SRMA basketball team, Jim averaged 22 points per game. Last years he averaged 25.8 points per game and was listed third in Northern California prep scoring.

Sulger, whose hometown is San Mateo, single-handedly pitched the Cadets to the co-championship of the Bay Counties League in baseball this year. He compiled an 8-1 record, pitching every game for the Cadets.

And get this: He averaged 12 strikeouts per game! That's out of a possible 21 outs, as high schools play seven-inning games. Against Lick Wilmerding High, he struck out 17 opposing batters.

After the 1963 baseball season was over, Sulger had compiled an 8-4 record. At the plate during his junior year, he murdered opposition pitching for a lusty .515 batting average.

And then there's football. Although his best position is end, Sulger stepped into the quarterback slot after the graduation of fine passing Lonnie Matthews. As an end during his junior year, Sulger caught more than 40 passes for more than 600 yards, as the Matthews-to-Sulger combination paid off handsomely.

JIM SULGER
Versatile athlete

Last grid season the academy didn't have Matthews, so Sulger moved right in and took over the signal calling post.

"As far as natural athletes go, he is the best I have ever seen in my life," were the words of Larry Fulton, athletic director at San Rafael Military Academy and the football and basketball coach. Fulton has been at the academy for seven years, making him the dean of coaches at SRMA.

Fulton worked with Sulger in football and basketball season and then Pete Hayward, the Cadet baseball coach took over.

BRAINS, TOO

Sulger doesn't confine his talents to the athletic fields. During his four years at San Rafael Military Academy, he has maintained a B-plus average. He is currently the student body secretary and is first lieutenant in one of the companies at the academy, in charge of about 40 other cadets.

After he is graduated next month, the youth plans to enroll at Redlands University where he will major in mathematics. And his entrance into Redlands U. isn't because of athletic scholarships, but because that is the institution of his choice.

It will probably be a long time before San Rafael Military Academy has another athlete to compare with the likes of this boy, for they don't come along often.

Scribe Thinks Giants Will Win Seven, Maybe Eight On Road Trip

CONNOLLY

It is now 12 games in 12 days for the Giants in their present road trip. They play two with St. Louis after last night's rain out; four with the Mets in N.Y.; a day off; three at Pittsburgh, and finally three "hot ones" with the Phils at Philadelphia.

You will observe two of the present road trip series are with contenders—Cards and Phils. However, I sorta think the Giants will do alright, perhaps take seven or eight games.

If Ron Herbel can win his next time out, probably against the Cards, he should be placed in regular rotation as a Giant starter, along with Juan Marichal, Jack Sanford, Bob Hendley and Bob Bolin.

On the whole, Giant fans have been pretty patient and appreciative as the attendance of almost 500,000 in 25 home games will attest. They've gone along with the club in spite of its weak hitting and in-and-out pitching, not to mention a decided lack of heads-up play and questionable baserunning, besides being out-generaled by their own general. You've got to credit Giants players with battling for games, and winning them, that could have easily gone the other way.

THE ONLY indifferent team showing so far has been against the Mets. I thought we should have walloped them in the last game here, after the double win. Winning only three out of five wasn't good. Neither was losing at Houston. But the Colts have good pitching and will win at home because of the bad lights. Colt players are used to them now.

Manager Al Dark has shown signs of panic both on planning and in field generalship. If he'd concentrate on winning day-to-day, instead of trying to squeeze through and save his pitchers, he'd be better off. A good illustration was in the double defeat by the Pirates last Sunday. Alvin had been "saving" Juan Marichal for last night, although Juan could have been used Sunday and Sanford could have started last night.

BUT SECOND guessing Dark is easy on account he is not flexible. He seems to work harder to puzzle his own men than to help them. And he hasn't any coaches around him (excepting Cookie Lavagetto) who have the confidence, friendship or warmth of the regulars.

Individually the Giants should be top flight performers.

Willie Mays is really at his peak performance. He kept the club going through the early stages and still carries them.

Orlando Cepeda has been hampered by a water-on-the-knee injury. But the Baby Bull looks now like he might be ready to play top ball.

Jimmy Davenport has been playing exceptionally well, except for his boo-boo on the bases. I believe Jimmy would be the best second baseman in the league if he played regularly.

WILLIE McCOVEY has looked bad at the plate and awful in the outfield. Willie actually has had two letdowns. The early one found him way off balance on his batting swing and the second slump was just one of those things he has to work out. It is no longer any secret that McCovey has trouble with good southpaw pitching.

Jim Hart has been spotty at third base but on the whole alright. He can really wack southpaws and when he's hitting his fielding seems to pick up.

Jose Pagan hasn't played well. His fielding has been ragged and he hasn't hit his weight. But his slump won't last. He's still ranked as one of the finer fielding shortstops in the league.

Jesus Alou is a fine fielder but sometimes looks like he needs a fishing pole for a bat. He doesn't strike out much, gets a lot of dinky hits and I think he'll be a good hitter after he gets acquainted around the circuit.

TOM HALLER and Del Crandall are perhaps the best catching pair in any club. If we could have Crandall call the pitches and Haller hit and run for Crandall, everything would be hotsy totsy.

Pitching, of course, is the main event with the Giants who have more depth than in any other year since Alvin Dark joined up as manager.

Marichal, through the early weeks, was the best along with relief ace Bob Shaw. In one game Jack Sanford looked good but he's strictly a hot and cold guy and, since he thinned out, I dunno whether he is as good as when he was fat and sassy.

Ron Herbel has good stuff. A fast ball and an exceptional curve. He could be a great pickup guy for the Giants.

BOB HENDLEY, the Giant southpaw, isn't overwhelming but he gives it a good try. Some of his games to date have been only average. His victory over the Dodgers was a corker.

Billy O'Dell is the keen pitching disappointment. It has to be his spine trouble, recently uncovered. He should be a better pitcher than he has shown. He isn't stylish but he has enough stuff to pitch from 12 to 15 games a year. And the Giants need him, particularly against the Dodgers, Phils and Cards, who have the lefthanded power hitters.

Bob Bolin sometimes looks good. I really think his role is the long relief job, like the game he won from the Phils after he relieved Hendley. That's the best he's looked so far.

Gaylord Perry, Billy Pierce and Ken MacKenzie are cellophane guys who change with the wind and sometimes in the sun and in the shade.

Salinger Dares Followup On Suit

TULARE (UPI)—Pierre Salinger yesterday challenged State Controller Alan Cranston to follow through on his 2-million-dollar lawsuit by having him served with the necessary legal papers.

"I have called on Cranston to serve the papers and I've given him a copy of my schedule but I still haven't been served," said Salinger, who was one of four persons named by Cranston in the libel suit filed in Los Angeles Monday.

As soon as the papers are served, Salinger said, he will subpena 15 tax appraisers and show where more than $350,000 was contributed to Cranston's campaign.

Salinger and Cranston are the chief contenders for the Democratic nomination for the U.S. Senate in next Tuesday's primary election.

Salinger said the libel suit is a "joke" and "a frivolous and dying effort to pull a losing candidate out of a hole."

Mumps Leading Disease List

Mumps led the list of communicable disease cases in Marin County last week, according to County Health Officer Dr. Carolyn Albrecht.

San Rafael reported 14 cases and Sausalito 11, with other areas bringing the total cases for the week to 44. The 39 new cases of measles were concentrated in the San Rafael area, where 27 victims developed spots. San Rafael also had 13 of the 31 reported cases of strep infections.

Spring Concert Set Saturday In Olney Hall

Spring concert of the College of Marin Community Orchestra is scheduled for 8:30 p.m. Saturday in Olney Hall of the college in Kentfield.

Directed by John H. Myers, the 45-piece orchestra will play works by composers ranging from Ludwig von Beethoven to contemporary writers Gordon Jacob and Bella Bartok.

Guilty Plea Entered In Theft Case

Eugene Andrew Boehm, 19, of 1446 Lincoln Avenue, San Rafael, entered a guilty plea in Marin Municipal Court yesterday to petty theft of about $170 worth of items from an apartment at Blue Rock Hotel in Larkspur.

Sentence was delayed pending a June 16 probation department report. The charge was reduced from a felony complaint of burglary in the April 6 incident.

Ballet Aquacade June 6

Three ballets and eight swim numbers will be featured at the 19th annual Ballet Aquacade to be held at the Peacock Gap Tennis and Swimming Club in San Rafael on June 6 and 7 at 2:30 p.m.

The show this year will benefit the Marindale School for orthopedically handicapped children, purchasing needed equipment.

The Ballet Aquacade, which began in 1946, has been under the direction of Mrs. Ralston Hodgson of Ross.

Commentators for this years' show will be Mrs. R. W. Hobart of Kentfield and Ernie Smith, former sportscaster, now living in Glen Ellen.

THE PROGRAM will open with a gay number entitled "Broadway Melodies" with a cast of 60 girls. The ballet dancers will wear large checked sun dresses brilliantly colored with very full petticoats and big bows in their hair. They will dance to numbers from "Date with Judy," "My Fair Lady," "Gigi," "Carousel" and "South Pacific."

The swimming girls, coached by Mrs. Edward Allen, will swim to the tune "Oh, What A Beautiful Morning" and the number will conclude with the dancing girls in "It's A Grand Night For Singing."

"HELLO, DOLLY," will be the title of a lively swim number coached by Mrs. Jane Pike and assisted by Mrs. Paul Llewellyn and Sue Enemark. Mrs. Andrew Stockton and her assistant, Mrs. Richard Williams will direct the next swing swim number entitled "The Golden Trumpet." "The Whistler and His Poodles" follows, directed by Mrs. Peter Brajkovich.

Following the intermission three swim numbers will be presented. Ann Curtis Cuneo's synchronized swim team will lead off with "The Greatest Show On Earth" to be followed by the amusing number "Convention" in which the Beatles are candidates for president. This is coached by Mrs. Terres Ronneberg and Mrs. W. Hinkley. The "Oriental Fantasies" coached by Mrs. William Corrigan and featuring the senior girls in a colorful number to conclude this group.

THE FINAL NUMBER is entitled "Baccanale" with music from Deliebes. There will be a cast of 70 girls, including swim girls coached by Mrs. Edward Ericson and assisted by Mrs. Norman Mitchell and Miss Dorie Ericson.

The ballet is a fast whirl of color and music around the Idol of the "Golden Calf."

THE SHOW IS under the direction of Mrs. Hodgson. Mrs. Fred Enemark of San Rafael and Mrs. R. L. Rhoads Jr. of San Anselmo are co-chairmen.

The stage setting is designed and supervised by Harry Gerfin; the music, the stereo sound by Charles Catania and the costumes designed and supervised by Mrs. William Cuneo. The props are made by Mrs. Douglas A. Pease and a committee.

CHAIRMEN ALSO include Mesdames Enemark, program; Harold Klang, makeup; Charles White, box office and ticket sales and Hugh Marchant, swim coordinator. The swim try-outs were under the direction of Mrs. Marchant and Mrs. Ronneberg. The swim trims are done by the coaches, assisted by Mrs. Enemark. Mrs. Peter Skaer is treasurer for the Ballet Aquacade group and Mrs. Clarence Herold, secretary.

TICKETS MAY be obtained at box offices throughout the county, from the members, and at the gate before performances or from Mrs. White or Mrs. Enemark.

BOTH BALLET GIRLS and swimmers will take part in the opening Ballet entitled "Broadway Melodies" of the 19th annual Ballet Aquacade to be held at the Peacock Gap Tennis & Swimming Club in San Rafael on June 6 and 7. Ballet girls, from left, are Helen Wagner, Ilona Marshall and Sue Clark, and will combine with swimmers Chris Smith, Margie Merz and Anne Merz in a cast of 60 girls to the tune "Oh, What A Beautiful Morning."

MARIN'S SOCIAL WHIRL

Dr., Mrs. Siemens Honored At Dinner On Anniversary

By FLORENCE DONNELLY

Dr. and Mrs. John C. Siemens of Kent Woodlands were honored at a dinner at the Claremont Hotel in Berkeley Sunday night in celebration of their twenty-fifth wedding anniversary. The party was arranged by Janet and Lori Siemens, daughters of the honored guests. Mrs. Ralph Thole of Oakdale, sister of Mrs. Siemens, arranged a "This is your Life" program with pictures of Dr. and Mrs. Siemens taken during their early childhood, school and college days, courtship, and career. Colored movies of the wedding of Dr. and Mrs. Siemens in the Methodist Church in Sebastopol 25 years ago climaxed the showing. The dinner was a complete surprise to Dr. and Mrs. Siemens, who had spent the weekend in Carmel.

Dr. and Mrs. Siemens' son, Roger, a junior at Amherst College in Massachusetts telephoned his congratulations. Janet attends the University of California School of Nursing and Lori is completing her freshman year at Redwood High School.

Dr. Siemens, administrator of Ross General Hospital, had completed his internship when he married Marguerite Hagg. He opened his medical office in King City and he and his family lived there for five years. He was a lieutenant in the Navy during World War II and after it was over he and his family came to Marin County.

With the exception of Dr. and Mrs. Ralph McMurry and Pam and Tom McMurry of Ross, all those present were relatives of Dr. and Mrs. Siemens. The latter and Mrs. McMurry were classmates. Other guests were Mrs. Joe Hagg of Sebastopol, mother of Mrs. Siemens, Mrs. David Simonds of Greenbrae, her sister, and husband, and David, Paul and Charles Simonds, Mr. and Mrs. Thole, Mr. and Mrs. Al Carrion, Denise and Kiane Carrion of Sebastopol, Darcy and Karen Thole, Mr. and Mrs. Clarence Siemens of Irvington, Paul Siemens and Mr. and Mrs. Larry Fox of Berkeley.

IMPROMPTU was the party given at Peacock Gap Country Club Sunday night. It was "neighbor meet neighbor." More than 150 residents of the area and their guests attended and exclaimed over the delicious repast which included chicken sesame, oysters on the half shell, fresh shrimp and many hors d'oeuvres.

Greeting members and guests were Jerome C. Draper Jr., president of Draper Companies, and A. G. Michaud, vice president.

Among those present were Adrienne and Milton Cerf, who will vacation in Hawaii this summer, Ferne and Joe DeNaris, who will move soon into the house being built for them (she is expecting her mother, Mrs. Elsie Johnson for a visit). Charels and Marie Madsen told friends they will spend part of the summer at their cabin in Tahoe.

Fletcher and Pearlee Bonham said they were going to Pueblo and Denver, Colorado, with their children, Sue and Peggy, in July. They are giving a dinner for 12 guests before Sue's graduation from San Rafael High School.

ONE OF THE MOST excited persons at the Peacock Gap party was Jon Adams, who had won first prize in the motorcycle race at China Camp. He and his wife were one of the first couples to reside in Peacock Gap. They have three children. His mother, Mrs. Margaret Adams, who lives in a condominium apartment on Peacock Hill, teaches in the Richmond schools. She leaves for Spain June 27 and will stay with a family in Mallorca while attending the University of Spain.

Others at the gay party were former Peacock Gap residents, Lillian and Robert Cinke, who now live in Southern California, and were the houseguests of Doris and John Vivaldo. Making their first social appearance since the birth of their second son, Christopher, were Dr. and Mrs. Theodore Preovoles.

SPRING CHAPEAUX

Wearing entries at the Fresh Flower Hat luncheon in Corte Madera were from left, Mesdames Edward Davis, Cornelis Heydenryk, Matt Schau and George Leo Zaro. Other prize winners at the event given by the Garden Section of Corte Madera Women's Club at the recreation center were Mesdames Al Cardy, Lawrence Wheeler, Owen Aivazian, Macio Crespo, Howard Eichstaedt and Val Onick. Mrs. Nathan Cooper was chairman of the annual event.

DECORATING IDEA

A series of pitchers perched on the mantel supplies unusual and effective containers for spring flowers, proving that crystal ware is useful even when not in table use. Paul Krauss, American Institute of Decorators, designed the setting.

Butterballs' Quiz Just Might Help—

It is fashionable to be slim, but few girls reach maturity without having gone through a butterball stage.

Here is a quiz to see if you are on the beam when it comes to helping yourself through this stage.

1. A round, hippy figure should wear:

(a) Soft, lightweight fabrics in dark solid color or tiny pattern.

(b) Clothes as tight as possible, especially at waist and hips to make you look smaller.

(c) Plaid or figure patterned dresses to distract the eye.

2. You are out with your crowd and the other girls are slender types. You should:

(a) Keep referring to your avoirdupois, so they will know you are not self-conscious about it.

(b) Forget about it and have fun.

(c) Let them know talk about chubbiness upsets you.

3. You want to lose weight. How can you do it healthfully?

(a) Starve yourself completely and get it over with in a couple of weeks.

(b) Find a low-caloried food you can tolerate and eat nothing but that until you lose the weight.

(c) Eat regular meals, cutting down on between-meal snacks until you discover your calorie requirements and can lose gradually.

4. Your face is round and fat. You should wear your hair:

(a) Flat on top, bouffant on sides.

(b) Close to the head, combed down with slightly curled ends, a lift at the top.

(c) Pulled straight back in a pony tail or bun at the nape of the neck.

5. Somebody has told you that makeup can minimize a large face, but you are permitted to wear only lipstick. Should you:

(a) Make up your mouth as large as possible carrying lipstick over your own lip area.

(b) Wear a tiny rosebud mouth, giving a dainty illusion.

(c) Go in for the no-lipstick look or pale lipstick look as being as good as any other suggestion.

6. You hate exercise but the family doctor advises it. You could:

(a) Cut down on foods on your diet, and pretend you've exercised.

(b) Find an exercise that you can do, even in a lazy way, such as rolling on the floor or scooting on your haunches.

(c) Organize a group to rebel against exercise.

ANSWERS TO QUIZ (1a, 2-b, 3-c, 4-b, 5-c, 6-b).

BEAUTY TIPS FROM ME TO YOU

By Dorothy Chapman

Remember when people look at you they see not only your face, but all of you. That is why your hair, skin, hands, body, feet or the "entire you" must be right to be beautiful. To look beautiful you must think that you are and that you look well, for the best groomed woman in the room will not stand out if she is slumped over and has a self-conscious look on her face.

Study yourself and know how your hair must be dressed to set off your face to its best advantage. . . . Know the condition of your skin and the creams or lotions you need to keep it looking fresh. . . . Facial wrinkles, double chin lines in the neck—along with figure faults should be looked after and corrected.

Traffic Tube Experiment Is Approved

The building and operating committee of the Golden Gate Bridge and Highway District yesterday authorized spending up to $10,000 for experimental use of pop-up tubes for traffic control.

District Mgr. James Adams said three lines, consisting of five tubes each, will be installed north of the toll gate for the experiment.

Pop-up tubes and other devices are being studied as an alternate to overhead traffic control arches, which have been opposed by Marin County residents.

At present yellow ruberized cones are used to channel traffic during peak periods.

The finance committtee agreed to diversify $353,000 in time deposits to seven banks including Bank of Marin, San Rafael; Central Valley National Bank, Novato; Redwood National Bank, San Rafael, and Tiburon National Bank.

U.S. Forest Service Publishes New Leaflet

The California Region of the U. S. Forest Service has announced publication of a new leaflet entitled Wildlife.

It describes the role of the national forests in providing a home for a large variety of animals, birds, and firsh. It also describes work being done on the national forests to improve living conditions and food supplies for these creatures of the wild.

Announcing the new publication, Regional Forester Charles A. Connaughton emphasized that while management of wildlife habitat on the national forests is a forest service responsibility, much of the improvement work is done in cooperation with the California Fish and Game and many California counties.

The improvement work described includes "browseways" through brushfields to stimulate new sprouts for deer feed, improvement of streams and lakes to provide better conditions for fish, development of water for small game and birds, and the planting of bitterbrush for deer feed.

Much of the work is being done under the "Development Program for the National Forests," the U.S. Forest Service's 10 year program to insure adequate forest resources now and for the future.

Connaughton pointed out that many of these projects also have other benefits and can be tied in with other resource development work.

For instance, the clearing of browseways fits in very well with the fuelbreak program, where brush is cleared and replaced with grass and other plants to help stop the spread of fire.

Water developed for fighting fire often provides a drink for thirsty quail and rabbits as well. Improving rangelands for domestic livestock also helps the deer.

Connaughton said that by planning projects to improve several natural resources at one time, we are able to make the best use of taxpayers' money while developing resources for future use and enjoyment.

Widow Blasts Vietnam War

SAN ANTONIO, Tex. (UPI)—The widow of an Air Force major killed in South Vietnam today made public a series of letters from her husband that told "how fouled up everything is."

The correspondence from Maj. Hughie Adams, 43, who was killed in a B-26 crash Jan. 7 said the only thing that the fighting men had plenty of was food.

"My husband gave his life for absolutely nothing," Mrs. Lucille Adams told newsmen.

Mrs. Adams is a directory clerk at the Randolph Air Force Base Communications Center. She recently had to sell the family home.

Barry Donates To Blood Bank

SAN FRANCISCO (UPI)—Sen. Barry Goldwater cut his San Francisco Bay Area campaigning short yesterday to give blood to help victims of Saturday night's fire at the All Hallows Church hall.

According to attendants, the Republican presidential hopeful waited his turn at the processing table and said he wanted no publicity.

"I do this all the time," he told Bernice M. Hemphill, managing director of the Irwin Memorial Blood Bank. Goldwater has given some 90 pints of blood during his lifetime.

Parole Program Budget Increased

SACRAMENTO (CNS) — An additional 600 persons can be carried on parole programs as the result of the legislature's adding $250,000 to the budget of the State Department of Corrections.

Walter Dunbar, director of corrections, commented on the last-minute addition to the budget, during the regular monthly council meeting of Gov. Edmund G. Brown. The budget addition provides 24 new parole officers and 10 clerical positions.

Dunbar said this $250,000 addition to the budget compares with an estimated $800,000 it would cost to keep the 600 persons in prison for a year. He noted also that capital construction costs to provide prison housing for 600 prisoners would be about 7 million dollars.

Tiburon Hopefuls' Backgrounds Told

Small businessman and large industrialist are among the candidates for the first city council of the proposed City of Tiburon.

Decision on incorporation and election of the five-member council to govern the new city if incorporation passes will both be decided by the voters next Tuesday.

Among the 17 candidates are Charles T. Cohen, a well known small businessman whose Ted's Taxi Service is a familiar Tiburon feature, and Gordon W. Russell, who retired after establishing what he says is the largest stainless steel sheet manufacturing company in the United States.

Brief biographies of 12 of the 17 candidates were given in the Independent-Journal Monday and yesterday. Here are the remaining five:

GEORGE P. BOLOTOFF, 41, identifies himself only as a "businessman." He and his wife, Ludmela, moved from San Francisco last year and reside at 1940 Straits View Drive.

Bolotoff was born in Siberia, grew up in San Francisco, and attended Golden Gate Business College and University of Oregon.

He served in World War II and was awarded the Purple Heart.

CHARLES TEDDY COHEN, 42, operator of Ted's Taxi Service, lives at 488 Irving Court. He has been a Tiburon resident for six years. He and his wife, Lucy, have six children of whom four are at home.

Cohen attended vocational school after graduation from high school. He has been in the transportation business for 12 years.

He is a former member of the Oakland Junior Chamber of Commerce and Inter-Marine Assn., and a member of the Taxic Cab Assn.

Cohen supports the incorporation "with reservations," objecting that the plan excludes property which would benefit the Tiburon tax base.

LEE C. MEGAN of 2030 Paradise Drive is a stock broker with Harris, Upham and Co. in San Francisco. He has been a Tiburon resident 12 years.

Megan is a college graduate with an accounting major. He was a public accountant for 10 years before entering stock brokerage, and served four years in the Army Air Corps as a finance officer.

He is a former president and director of the Tiburon Property Owners Assn. and was in charge of fund raising for the former Tiburon Incorporation Committee and a member of the current one. He is also a member of the Tiburon Peninsula Coordinaitng Council.

GORDON W. RUSSELL, 67, of 11 Reed Ranch Road is the retired stainless steel manufacturer. He retired in 1947. The company, he says, is still operating and growing.

Russell and his wife, Margaret, have been Tiburon residents four years. A son and three grandchildren also live in Tiburon.

Russell served in World War I and is California commander of the Military Order of the Loyal Legion of the United States. He is president of the Reedlands Property Owners Assn. and a member of the Commonwealth Club.

He said he has worked for two years for Tiburon incorporation, being on the budget committee of the incorporation committee, and is for incorporation unequivocally.

PAUL E. WILSON, 50, of 123 Hacienda Drive is a physician with his office at 21 Main Street in Tiburon, and is executive director of pediatrics at Children's Hospital of San Francisco. He and his wife, Vivian, have two children at home.

Dr. Wilson was born in New York City, the son of a physician. He received his A.B. degree from Cornell University and his Sc.D. and M.D. degrees from Johns Hopkins University.

He is former assistant professor of pediatrics at Stanford Medical School, instructor in pediatrics at Columbia-Presbyterian Medical School, director of the pediatric outpatient department and instructor in pediatrics at Johns Hopkins Medical School. He is a member of the medical advisory committee of the Marin Planned Parenthood Assn. and of medical organizations, as well as o fthe Tiburon Peninsula Club and Mill Valley Tennis Club. He served as a commander in the Navy Medical Corps in 1954-56.

Mikoyan Fails In Japan Pacts

TOKYO (AP) — Soviet First Deputy Premier Anastas Mikoyan returned home today without agreement on two major proposals he brought from Premier Nikita Khrushchev.

The Japanese balked on conclusion of a World War II peace treaty because the Soviets refused to return several islands off northern Japan. They made agreement to joint efforts for a total nuclear test ban conditional on Soviet acceptance of an effective policing system.

Two weeks of discussion also failed to produce agreement on a Tokyo-Moscow airline.

Folk Song Dedicated To Jacqueline Kennedy

WASHINGTON (AP) — Folk singer Joan Baez, appearing last night on the two-hour salute to the president program, dedicated one of her songs to "a very living member of the very beautiful past —Mrs. Jacqueline Kennedy."

The song ended with the line, "Oh my trials, Lord, soon be over."

Ballots To Urge People To Vote

SACRAMENTO (CNS)—Voters at the June 2 election still will have to tell their friends whether or not they voted, if they're interested. But the situation may be corrected by the November general election.

Gove. Edmund G. Brown has signed a law which will permit ballots to be printed with these words on the stub which is given to the voter: "I have voted—have you?"

11 Marin Seniors Get Scholarships, Awards

Eleven seniors from Marin County high schools were guests of honor at a luncheon at Peacock Gap Country Club yesterday. Each student received a $100 scholarship and an engraved medallion.

Looking on were the high school principals who selected the winners, other school administrators and faculty, parents, and executives of the savings and loan associations that conduct the awards program. Dr. Ellsworth R. Briggs, dean of adult education at Marin College, spoke on "Lifelong Learning — Modern Imperative."

Fred F. Enemark presided as representative of the California Savings and Loan League school relations program.

Winners were:

Merilyn Blake of Boulder, Colo., student at Katharine Branson School; Carole Ann Bradley of Hamilton Air Force Base, Marin Catholic High; John C. Garner of Robbins, Sutter County, San Rafael Military Academy; James P. Kelly, Mill Valley, Tamalpais High; Patricia Jean Lyons, San Rafael, Dominican Upper School; Arden Kay Mann, Sebastopol, Tomales High; John A. McKinnon, San Rafael, San Rafael High; Roy J. Otis, Novato, Novato High; Michele Slavich, Tiburon, Sir Francis Drake High; Joel E. Tobiason, Greenbrae, Redwood High, and Susan Ann West, San Rafael, Terra Linda High.

Co-sponsors of the program are Citizens Federal Savings, Marin County Savings, Northwestern Savings, Novato Savings, Ross Valley Savings, San Rafael Savings, Tamalpais Savings and the California Savings and Loan League. The award winners were chosen by the respective principals, on any basis thought appropriate by the principal, and no "strings" set by the sponsors.

The luncheon speech was tape recorded by Radio Station KTIM, for broadcast on Friday at 6 p.m.

Bodega Junket Set

Because of a proposed debate on the pros and cons of the projected atomic plant to be built at Bodega Bay, students in William Mason's sophomore English class at Tamalpais High School will visit the site Friday. The debte is scheduled for either Friday of this week or next Monday.

Sausalito Little Theater To Revive First Program

Sausalito Little Theater will revive the first program it ever produced, when "Under the Gaslights" returns to its stage June 5 for a run throughout the summer, on Friday and Saturday nigths.

"Under the Gaslights" offers all the time-tested elements of melodrama, with the hero tied on the railroad tracks, and the villain most hissable, according to director Penny Vieregge. In addition, oleo will be presented at intermissions, by a company of musicians and comedy artists.

Curtain time will be at 8:30 in the Little Theater, 745½ Bridgeway.

Youngsters Crowd Around Astronaut

NEW YORK (AP) — Lt. Cmdr. M. Scott Carpenter revisited his Aurora 7 space capsule yesterday and had to be extricated from a crowd of screaming youngsters by two Air Force men.

The capsule is on display at the New York World's Fair.

Supervisors Vote To Treat Symptom

In an effort to "treat the disease as well as the symptom," the county board of supervisors yesterday voted to ask the new Marin Human Rights Commission to set up a task force to study problems which have led to a stiffening of law enforcement in Marin City.

Supervisor Peter H. Behr initiated the motion after supervisors had approved hiring four new deputies and buying a new patrol car, requested by Sheriff Louis P. Mountanos to avoid a recurrence of a riot Sunday night in which two deputies and a Sausalito policeman were injured.

Behr expressed concern that the actions of a minority in Marin City were hurting the entire community in the eyes of the public. Replying to Mountanos' statement that "we must restore law and order in Marin City," Behr said:

"I think that about 90 to 95 per cent of the people there already do respect law and order, but the trouble comes from those few who repeatedly cause a disturbance."

Behr later moved to request the task force, explaining he felt increased law enforcement, while necessary, was "treating the symptom, not the disease."

Two Brothers Face Charges Of Assault

Two brothers have been charged in Marin Municipal Court with statutory rape in alleged separate incidents with the same 13-year-old Novato girl.

Charged are Harold Dean Arrasmith, 23, of 1679 Hill Avenue, Novato, and Ronald Gene Arrasmith, 18, of Boyes Hot Springs, Sonoma County.

The latter entered a plea of innocent in court yesterday and preliminary hearing set for 2 p.m. June 5. The public defender's office was appointed to represent him.

His brother's arraignment was continued until tomorrow at 1:30 p.m. Marin County sheriff's officers said Harold Dean was arrested Saturday after the girl told her mother he had committed forced rape the preceding night in the Indian Valley area. Deputies said the girl said she had taken a ride with the suspect.

Ronald Gene was arrested Sunday in an alleged rape of the girl a week earlier, officers said.

Alto Fire District Opposes Planned Mill Valley Annex

The Alto District Assn. voted Monday night to protest the proposed annexation of 255 acres of marshland to the City of Mill Valley as "lessening the effectiveness of our fire department."

The motion, according to F. J. McClain, chairman, will be sent to the county local agency formation commission, which is to make a decision on the annexation tomorrow.

Forty-nine persons attended the meeting in the Alto firehouse and, in general, said McClain, the people were "heartily against annexation."

John A. Walters, speaking as a commissioner of the Alto-Richardson Bay Fire District, said there is nothing to gain and is a possibility of losing thet ax base with loss of business properties along Highway 101.

Star's Aide Dies Awaiting Checkup

LAKE PLACID, N.Y. (UPI)— Ted Collins, manager of singer Kate Smith, died today in a doctor's office.

Dr. George Hart said Collins died of an apparent heart attack. He was waiting to see the doctor at the time.

Miss Smith had driven Collins to Hart's office for a cardiogram and dropped him off while she parked the car, reports said. She walked into the office just as he died.

Water District Vote Contest In One Area

Two men are up for re-election Tuesday on the Marin Municipal Water District Board of Directors.

William C. Herup of Division Two, who has been on the board since 1943, is unopposed.

But Robert G. Anderson, who has served for 15 years, is challenged by Tally Mastrangelo, 40, a Sausalito financial and management consultant. Anderson represents Division Five —Sausalito, Tamalpais Valley, Strawberry and Tiburon-Belvedere.

Anderson, 54, is an executive for Merchants Express Co. During his 15 years on the board, he served as chairman for four years.

Anderson formerly owned the Marin Sonoma Fast Freight, Sonoma Express Co. and headed the Sausalito, Mill Valley and San Francisco Express Co.

He lives at 205 Valley in Sausalito.

Challenger Mastrangelo attended University of California and University of Santa Clara and won his law degree from Stanford University in 1953. He lives at 105 Third Street in Sausalito.

He has held executive positions with a series of business firms since he entered the field of finance and business management in 1950. Mastrangelo is listed in "Who's Who in The West."

He has been active in Republican politics since 1957.

"I think it's time someone got on the board to let the public and the press know what's going on," declared Mastrangelo.

He said the meetings of the board are "routine" and decisions cut and dried. "Nobody seems to question anything," said Mastrangelo.

German Convicted As Spy For Israel

CAIRO (AP) — Franz Huttenmeister, a West German, was convicted today of spying for Israel, sentenced to 10 years in prison and fined $2,400.

Huttenmeister, a 26-year-old student from Cologne, was arrested last November. The government said he had come to contact an Israeli agent and take secrets out of the country.

State Calls For Highway Job Bids

SACRAMENTO (CNS) — The State Division of Highways has called for bids for construction of the superstructure of a new bridge across the Sacramento River in Sacramento, downstream from the present overcrowded Tower Bridge on U.S. 40.

The 1.2-mile project calls for a six-lane roadway from Jefferson Boulevard in West Sacramento to South River Road, and eight lanes from the latter point to the easterly project limits at Fifth Street in Sacramento.

Bids for the work will be opened in Sacramento July 22, with 15 million dollars available.

A 1.2 million-dollar job for the substructure of the bridge is nearly completed.

Mill Valley Hires New Patrolman

Robert V. Kinney will start work as patrolman with the Mill Valley Police Department June 8, succeeding Kenneth Homen, who has resigned, effective Friday, to join the San Rafael police force.

Kinney was born and reared in Mill Valley and is now working for the University of California Medical Center as a poilce officer. He lives in Daly City, but will move to Marin with his wife, Margarite; daughter, Kathleen, and son, Robert. His starting wage is $505 per month.

Kinney is retired from the Army with a total of 20 years service in Army and Navy. He worked six years for the San Francisco Police Department between service in the two armed forces.

School Initiative Move Praised

SACRAMENTO (CNS)— The California Teachers Assn., which didn't get many kind words during the recent legislative session, has been receiving some compliments for dropping its proposed 200-million-dollar school support initiative measure.

Assembly Speaker Jesse M. Unruh (D-Inglewood) and Speaker Pro Tem Carlos Bee (D-Hayward) issued a joint statement commending the CTA for dropping its initiative plans.

The assemblymen noted that the CTA had secured nearly a million signatures in less than two weeks, more than twice the amount required to qualify the measure for the ballot.

Warren Urges Bail Reforms

WASHINGTON (AP) — Chief Justice Earl Warren urged today a better break for poor Americans before the bar of justice.

"We cannot give meaningful import to constitutional principles in the field of criminal law as long as the poor cannot effectively assert their rights in our courts," he said.

Keynoting the first national conference on bail and criminal justice, the chief justice said prompt steps should be taken "to alleviate the often-harsh bail requirements for indigents accused for the first time of committing misdemeanors."

Marin Youth Has Its Day In Celebration

Youth in Marin had its day Saturday, as the mon-long May in Marin celebration went into the home stretch.

Alberts Park was thronged by youngsters from nine youth organizations, in a day-long demonstration of their activities.

Boy Scouts, Girl Scouts, Campfire girls, Junior Red Cross, 4-H Clubs, Catholic Youth Organization, Jewish Community Center, Y.M.C.A. and the San Rafael Recreation Department's junior high youth club and puppet class took part, with exhibits and demonstrations, puppet shows and folk dancing, skits and a fashion show.

Boy Scouts displayed the model Golden Gate bridge they will take to the national jamboree at Valley Forge this summer, a model camp site, and a monkey bridge.

San Rafael, Novato and other areas' 4-H youngsters presented repeats of their recent field day demonstrations, a fashion show and drill team. Girl Scouts from Hamilton Air Force Base, Santa Venetia and Corte Madera provided folk dancing, singing games, puppet show and sewing display.

Campfire Girls and Blue Birds gave similar demonstrations of group projects.

Junior Red Cross members showed resuscitation techniques and chapter projects. San Rafael recreation class youngsters gave a puppet show; the junior high members ran a balloon prize booth. C.Y.O., Y.M.C.A. and Jewish Community Center displayed their year's activities and summer camp programs in brief.

IN C OLLEGE AT 71—FATHER OF MARINITE

When Mrs. Walter L. Simonds of 23 Meadow Drive, Santa Venetia, read in last Friday's Independent-Journal of a retired New Jersey state employee who enrolled in college at the age of 71, it was not news to her at all.

The college freshman is her father. William Roever enrolled in a Florida State University to study theater arts. He is also enrolled in a beginning swimming course.

The I-J account was an Associated Press story from Tallahasse, Fla.

Mrs. Simonds, who works as a dog handler, said papers all across the nation have carried the report about her now-famous father.

Tam Unified Proposal To Be Aired

Arguments for and against the proposed Tamalpaise Unified School District will be featured on the KTIM "Sounding Board" at 9 a.m. tomorrow.

Speakers in favor of the plan will be Mrs. H. James Compton of the League of Women Voters and Mrs. Albert E. Larsen of the County Committee for School District Organization.

Opposing unification will be David D. Ring, trustee of the Reed School District, and Mrs. Watson M. Conner, former trustee of the Kentfield School District.

Moderator Kitty Oppenheimer said the program, last "Sounding Board" to deal with candidates and issues in Tuesday's election, will be taped for replay at 12:30 p.m. Sunday. Listeners may call in questions during the original broadcast.

Paintings Sold For New Library

Thirty paintings, given by Mill Valley artists, were sold Sunday at a cocktail party at the Outdoor Art Club to raise $300 for the library campaign fund for a new library, spokesman Benjamin Draper said today. In addition, $200 was given in contributions. Of this total, about $400 is profit.

The campaign fund also received $150 from the recent library fair. Any money which is surplus following the campaign will be added to a $275 fund from last year's book sale to buy an art object for the proposed new library.

New Novato Brochure Will Be Mailed Soon

The Novato Chamber of Commerce today received 10,000 copies of its new brochure "Discover Novato, California," which will be mailed to all householders in the area next week.

The 54-page booklet gives information about the city of Novato and the businesses in it.

The full color front cover shows the Marin Country Club across one of the lakes in the Marin Golf and Country Club Estates.

The brochure contains facts on the chamber of commerce, transportation, city government, growth facts, community services, recreation, Hamilton Air Force Base, Point Reyes National Seashore and the schools.

It contains a unique geographical "fact"—twice in the book it gives the city access to Suisun Bay.

The Booklet and a map of Novato will be sent to all residents of area, with the compliments of the chamber of commerce, said Richard Nave, president of the chamber.

Governor Signs Bill To Hike School Taxes

SACRAMENTO (AP)—The way is clear for poorer school districts in California to boost their maximum tax rates without going to the voters for permission.

Gov. Edmund G. Brown signed a bill yesterday that raises the limit on the tax a district can levy without requesting an override from the voters.

The measure by Assemblyman Richard J. Donovan (R-Chula Vista) aims at helping districts whose current taxing, even if at the maximum, can't provide the adequate educational program demanded by the state.

Novato Girl Wins More Baton Prizes

Ramona Winter, diminutive Novato baton twirler, won one second and one third place in the California competition of the United States Twirling Assn. in Oakland last Saturday.

Ramona, 9, won second place medal in the intermediate division and a third place in the open division. She has entered four contests this year and won five medals and three trophies.

She is a daughter of Mr. and Mrs. Lloyd R. Winter of 11 Joan Avenue, Novato.

ON THE AIR AND IN THE PAPER

This Sounds Amusing
and
Downright Naive
if
WE ARE TO BE SOMEWHAT CHARITABLE

HERE WE HAVE the stockbroker and the other candidate, too, feeling extremely sorrowful that retail sales are down, according to them, in Ross Valley.

WE ALL KNOW that Chambers of Commerce are primarily concerned with generating more business for their particular community. This is entirely proper.

THE SAN RAFAEL CHAMBER OF COMMERCE does an excellent job, which is a factor of no mean proportion, in making that city the recipient of the largest sales tax return of any city in the County.

WELL NOW, the stockbroker candidate has his office in San Rafael and was the President of the Chamber of Commerce a while back. If he is as sharp businesswise as he would like folks to believe he is, he must have been a big help to San Rafael business in maintaining its lead. Again this is all proper.

HOWEVER, there should be no pious tears on his part, for a condition here, that he himself, had a big hand in creating.

Sincerely,

Incumbent Supervisor
Second District

Barbecue Chefs Create With Flavorful Marinades

By JEANNE LESEM

NEW YORK (UPI) — Hamburgers, steak and spareribs are the top meat favorites with outdoor cooks. Add poultry to the running and chicken comes in third, ahead of spareribs.

Here are recipes for sauces and/or marinades to go with each of the four favorites.

FOR STEAK SAUCE, saute ¼ cup of grated or minced onion in 2 tablespoons of butter or margarine over moderate heat until soft but not brown. Add ½ cup of dry red wine, 1 beef bouillon cube or 1 teaspoon of granulated beef bouillon, ¼ teaspoon of bottled brown basting sauce, 2 teaspoons of minced parsley, ½ teaspoon of coarsely-ground black pepper, 1 tablespoon of brandy and 1 (3 ounce) can of sliced broiled-in-butter mushrooms with mushroom liquid. Heat to simmer. Serve with steak, broiled to desired degree of doneness. Makes about 1⅓ cups.

FOR HAMBURGER SAUCE, saute 2 tablespoons each of minced onion and minced green pepper in 1 tablespoon of butter or margarine until soft but not browned. Add ½ cup each of beer and chili sauce, 1 teaspoon of worcestershire sauce, ⅛ teaspoon of liquid red pepper sauce, 1 teaspoon of sugar, ½ teaspoon of salt and ¼ teaspoon of bottled brown basting sauce. Heat to serving temperature. Makes about 1⅓ cups.

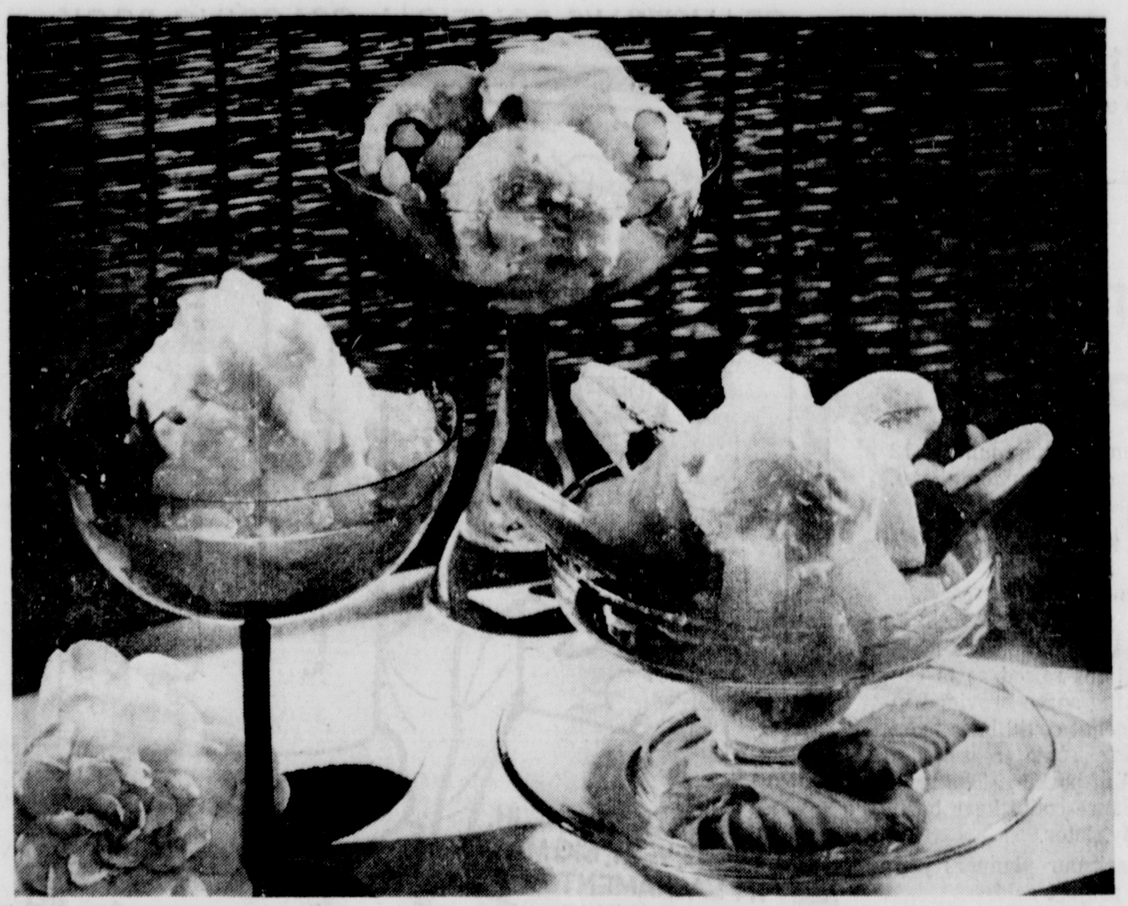
SPARERIBS — 2 racks weighing a total of about 5 pounds—should be marinated 8 hours or overnight in a shallow container in this sweet-sour basting sauce: 2 large cloves of garlic, minced or crushed, mixed with 2 teaspoons salt, 1 cup each of tomato juice and brown sugar, ½ cup each of lemon juice and dry white wine, 1 teaspoon of granulated chicken bouillon, and 1 tablespoon of bottled brown basting sauce. Turn ribs occasionally.

To cook, drain ribs, reserving marinade. Brush ribs with additional bottled brown basting sauce and cook, whole, over very slow charcoal heat, turning and basting often with marinade. Cook about 1¼ hours, or until ribs' surface is brown and crusty and no pink shows when meat is cut between ribs with a knife. Makes 4 large servings.

THE DELICATE FLAVOR of the chicken itself is accentuated by basting it with plain New England barbecue sauce. Heat together in a saucepan 1 cup each of water and vinegar, ½ cup of salad oil and 1 tablespoon of salt. Brush broiler-fryer chickens with warm sauce frequently during grilling.

TIPS ON CHARCOAL-broiling chicken call for starting halves or quarters, skin side up on a grate 3 to 6 inches from heat—using the greater distances for barbecue sauces with high sugar content, to prevent charring.

Brush with sauce, cooking until tender. Turn and brush occasionally. Allow 45 minutes to 1¼ hours total cooking time, depending on weight of chicken and distance from heat. It's done when the leg twists easily from the thigh joint and when pieces are tender when probed by a fork. If you do not use a highly-seasoned sauce, season chicken to taste 5 minutes before end of cooking time.



FOR LATE SPRING entertaining, ice cream desserts become something special when topped with sundae sauces. Here a variety of ice cream flavors are given the final party touch with pineapple sauces—cointreau, caramel or mint mallow, which you can make quickly or long before company arrives.

Here's A Saucy Trio Of Sundae Toppings

New sundae sauces show pineapple's versatility. A continental combination of cointreau and fresh bright strawberries with pineapple tidbits is for special occasions. Serve it elegantly flanked with banana slices. A dash of peppermint adds a tingle to a crushed pineapple, honey and marshmallow sundae sauce that teen-agers love.

A pineapple butterscotch sauce is universally appealing This one is made with rich whipping cream, dark corn syrup, brown sugar and flavorsome bites of pineapple tidbits. Top with a dab of sour cream and some sliced almonds for extra glamor.

Try these sauces on banana splits, and with several flavors of ice cream.

PINEAPPLE JUBILEE SAUCE

- 1 (1-pound 4½-ounce) can pineapple tidbits
- 2 tbsps. cornstarch
- ½ cup sugar
- ⅛ tsp. salt
- ½ cup cointreau
- ½ cup sliced fresh strawberries

Combine undrained pineapple, cornstarch, sugar and salt. Cook and stir gently until sauce becomes very thick and clear. Add cointreau, remove from heat and cool. Add strawberries. Makes 1 pint.

PINEAPPLE CARAMEL SAUCE

- 1 (13 ½-ounce) can pineapple tidbits
- 1 cup brown sugar (packed)
- ½ cup whipping cream
- 2 tbsps. dark corn syrup
- 2 tbsps. butter or margarine

Drain pineapple. Combine brown sugar, cream, syrup and butter in heavy saucepan. Heat slowly to boiling; boil 4 or 5 minutes. Remove from heat, cool slightly and add drained pineapple. Makes about 1⅔ cups sauce.

PINEAPPLE MINT MALLOW SAUCE

- ½ pound large marshmallows
- 1 (1-pound 4½-ounce) can crushed pineapple
- ¼ cup honey
- ⅛ tsp. salt
- Drop or two peppermint extract

Cut marshmallows into small pieces. Combine with undrained pineapple, honey and salt. Heat, stirring now and then, until marshmallows are almost melted. Remove from heat and add peppermint extract. Cool. Makes 1 pint.

Good Combination

When you are preparing your own corned beef, you'll find equal parts of beef and potatoes make a good combination.

How To Cook A Husband: 1898 Version Of Advice To The Bride

By CECILY BROWNSTONE
Associated Press

Some old-fashioned recipes tickle the fancy.

One that may tickle yours appears in a book called "How to Cook a Husband" by Elizabeth Strong Worthington, published in 1898 and long out of print. Mrs. Worthington wrote that she came across the recipe in a newspaper clipping that attributed the rule to "a Baltimore lady."

In the 66 years since Elizabeth Worthington's book the husband-cooking recipe has cropped up at least once in a decade, usually in a local cook book compiled by a group of women to aid some worthy cause. But these later versions, if my cook-book reading memory holds good, sometimes stray from the version Mrs. Worthington reprinted. Here it is:

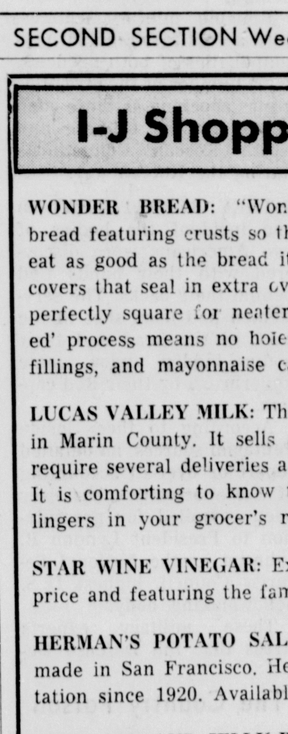
HOW TO COOK A HUSBAND
(1898 version)
By A Baltimore Lady

"A great many husbands are spoiled by mismanagement. Some women go about it as if their husbands were bladders, and blow them up; others keep them constantly in hot water; others let them freeze, by their carelessness and indifference. Some keep them in a stew, by irritating ways and words; others roast them; some keep them in pickle all their lives. Now it is not to be supposed that any husband will be good, managed in this way—turnips wouldn't; onions wouldn't; cabbage-heads wouldn't, and husbands won't; but they are really delicious when properly treated.

"**IN SELECTING** your husband you should not be guided by the silvery appearance, as in buying mackerel, or by the golden tint, as if you wanted salmon. Be sure to select him yourself, as taste differs. And by the way, don't go to market for him, as the best are always brought to your door.

"It is far better to have none, unless you patiently learn to cook him. A preserving kettle of the finest porcelain is the best, but if you have nothing but an earthenware pipkin, it will do, with care.

"**SEE THAT THE** linen, in which you wrap him, is nicely washed and mended, with the required amount of buttons and strings, nicely sewed on. Tie him in the kettle with a strong cord called Comfort, as the one called Duty is apt to be weak. They sometimes fly out of the kettle, and become burned and crusty on the edges, since, like crabs and oysters, you have to cook them alive.



"Make a clear, strong, steady fire out of Love, Neatness and Cheerfullness. Set him as near this as seems to agree with him. If he sputters and fizzles, don't be anxious; some husbands do this till they are quite done. Add a little sugar, in the form of what confectioners call Kisses, but no vinegar or pepper on any account. A little spice improves them, but it must be used with judgement.

Planners Erred Turning Down Retirement Project

Dr. John Siemens' Valley Investment Co. proposal for a 282-unit retirement apartment development at Bon Air (not far from Marin General Hospital) seems both desirable and necessary.

We were disappointed when the Larkspur Planning Commission gave it the cold shoulder on first consideration.

The need for adequate retirement living facilities in Marin is growing. From do-gooders and others we are subjected to a continuous barrage of reminders that old folks living on relatively low, fixed retirement incomes need some sort of subsidized, low-rent housing.

The "forgotten man" in the appeal has been the person with adequate income on which to retire. Up to now, Marin has had nothing to offer these people in the way of specialized retirement living facilities.

So we have been losing these people to Carmel Valley, Vacaville, and elsewhere where "retirement communities" are in the making.

How much better it would be if such facilities were available right here in Marin.

This is what Dr. Siemens and his group planned, at Bon Air.

Their planning consultant, aware of the high cost of land in Marin, designed a vertical retirement community (12 stories high) instead of a horizontal one. This aroused some opposition.

And a strange thing happened.

The Larkspur planning commission denied a use permit for the project.

A use permit would NOT grant a variance for a 140-foot high building. There were questions raised as to the adequacy of parking space provided in the plan. A use permit could have been granted specifying some reasonable minimum amount of parking. The matter of height variance could have been decided separately, later.

Instead, the Larkspur planners just turned down the project cold.

Cold is the proper word for it, too, since it involves the comfort, convenience and well-being of retired citizens.

"I could think of nothing more empty than newspaper, radio and TV 'celebration' of Senior Citizen month if there is no activity of substance and meaning to go along with it," wrote senior citizens coordinator Richard Phenix in a letter to the I-J earlier this month.

Perhaps the Larkspur planners have provided something "more empty."

We hope when this matter comes before the Larkspur city council it receives more realistic consideration.

Rededication To High Ethics

Marin County Board of Realtors, headed by Joe Stewart, joins the nation this week in observance of Realtor Week.

The realty profession's rigid code of Ethics is in effect the year round, but this is the time of year when each realtor rededicates himself to the primary aim of the Code—keep the interests of both the buyer and the seller uppermost in mind during a transaction.

As in every profession, there are exceptions. But in the main, Marin Realtors, we feel, have served the county with honor, dignity, and efficiency.

Here's to another year of many happy returns to both the home buyer and the seller, working through a qualified Realtor.

AFFAIRS OF STATE

It Appears State Hiring Policy Now Favoring Minority Groups

By HENRY C. MacARTHUR

SACRAMENTO ((CNS) — California's Constitution (Art. XXIV) says that "permanent appointments and promotion in the state civil service shall be made exclusively under a general system based upon merit, officiency and fitness as ascertained by competitive examination."

This provision of the state's governing document was adopted Nov. 6, 1934, when the people voted civil service into the constitution, with the idea that henceforth, the spoils system would be tossed out the window. To some extent, the so-called spoils system has been eliminated, except for jobs filled by the governor through political appointment.

FURTHER, THE STATE Legislature adopted the Fair Employment Practices Act in 1959. Among the rules of the FEPC is one that supposedly prevents identity of a prospective employee of the state as far as his race, color, or creed is concerned, when he makes his application for a state job.

However, Gov. Edmund G. Brown proposed to disregard this policy effected under state law.

The governor spoke to the state men's club and state women's club in a joint meeting, and said:

"WE MUST CONTINUE to make ethnic or racial identification of state employees for purposes of implementing our policy of non-discrimination.

"This is a rejection of a previous policy of no ethnic or racial identification in applications or forms. It is clear that this policy did not eliminate discrimination or produce more jobs for minorities. Our abandonment of it will make it easier for all departments to assess their progress in achieving equality of opportunity for minorities."

The question then is, whether the governor's announced intention of having the state, which is covered by the FEPC rule according to the state legislative counsel, digress from the stated purposes of the constitution as they apply to the filling of jobs on the basis of merit, efficiency and fitness.

FROM HIS announcement to the two clubs, composed primarily of civil service employees, it would appear merit, efficiency and fitness is being disregarded in favor of minority employment.

Some time ago, the governor ordered an "ethnic survey" of state employees, results of which have never been made public.

However, following the survey, the governor's office through a special "human relations" secretary, sought "affirmative measures to bring into state service more representatives of minority groups."

Unification Plan Will Cost More

Editor, Independent-Journal:

The theory of a unified school district, kindergarten through high school, is a sound one; but the proposal to unify the entire Tamalpais High School District, that we are being asked to approve on June 2, is not sound.

Eight different cities and at least six unincorporated areas would be combined into a single unit, if this excessive plan is adopted. Fifty-five dedicated school board members would be replaced by a mere seven who could not hope to reflect the views of all these communities. The method of election-at-large of these seven could even result in an area being represented by an individual who was voted down by the people of that very area!

The proposed unified school district would supposedly "equalize" the educational opportunities for all the children in the area. "Equalizing" must, of necessity, mean raising the standards in some areas to equal the standards of other areas. (I would hope it would not mean lowering of some to equal others!) How would this be done without a tax increase? Unification will not cost less, it will cost more.

Total unification is not likely to change the vote of those who consistently oppose school bond and tax increase elections. On the other hand, it may well lose the support of those who have supported their own local school districts, where they can see the results of their efforts.

This plan is too large! Vote "No" on June 2 and let the County Committee show the State Board of Education that this is not what the voters of the Tamalpais High School District want!

Praise Given Marin Schools

Editor, Independent-Journal:

For 15 years, my life has been closely associated, in one way or another, with the public schools in California. My eldest children were enrolled in the comparatively rural school districts of Humboldt and San Luis Obispo counties as well as in the city schools of Los Angeles, Bakersfield and Santa Barbara; now the youngest are attending elementary school in San Anselmo. For the past eight years, I have been a secretary in the California public schools. The interest inspired by this association prompts me to offer a personal observation on the Marin County schools.

In looking over the "pro" and "con" school unification arguments received with my sample ballot this week, it seemed to me much stress was being placed by both opponents and advocates of the proposed Tamalpais unification on "obtaining quality education" for school children. Exponents of both sides of the question seemed to me to be neglecting the real issue of the proposed unification, which is to obtain continued quality education. School district unification is intended, I believe, to serve as a preventive medicine against coming epidemics of suburban growth, not only in Marin but throughout the state.

Regardless of the decision reached by the voters on the unification proposal, thanks to a public-spirited citizenry and some exceptionally able school administrators and teachers, Marin County already has "quality education" and some of the finest public schools in California. The enviable scores being chalked up by their graduates in the universities and colleges around the nation is the proof of this pudding!

Dentist Speaks For Fluoridation

Editor, Independent-Journal:

In regard to George D. Hardisty's letter to the editor concerning fluoridation, some points need clarification.

Mr. Hardisty fears that his health may deteriorate, should he drink fluoridated water. It might be a comfort for him to know that for generations over four million people in the U. S. have been living all their lives in areas where drinking water naturally contains fluorides. These people are as healthy as we in Marin County, and they have stronger teeth.

Mr. Hardisty feels it is wasteful to fluoridate water when only a small amount is used for drinking purposes. The fact is that the annual cost per person for fluoridated water will average about 9 cents, and this amount covers fluoridation of all the water, not just that used for drinking purposes. This is less than the cost of a candy bar, and fluoridation will reduce future dental bills for fillings, extractions and replacements. Mr. Hardisty should really be more concerned about whether or not he can afford the luxury of going without fluoridated water.

When you examine the "facts" in the future, Mr. Hardisty, try the U. S. Public Health Service, American Medical Assn., American Dental Assn. These organizations are interested in your health and welfare and all endorse fluoridation. Don't be influenced by some scare sheet that pops up mysteriously in the mails with misinformation to confuse you.

TRY AND STOP ME

BENNETT CERF

AT A RECENT wedding in San Diego, each of the 500 guests was given a sachet of rice, handsomely ribboned, to shower the bride and groom as they exited. All but one of the guests untied the lace bag immediately. The one who didn't—a lad of 11—obviously proposed to throw the rice in the original package.

"What's the big idea?" demanded his father. "It's my first chance," explained the boy, "to test a pitch Sandy Koufax taught us at school Wednesday."

OVERHEARD:

Mr. Meek to his domineering wife: "I will NOT take you to a night club this evening—and that's semi-final!"

Hollywood star to gossip columnist: "Miss Twinkle and I are good friends, but we're not going to be married. Both of us are sick of divorces."

Angry father to his teenage son: "I'm sick and tired of arguing with you about borrowing the car. Next time I want it, I'm going to take it!"

THE NEIGHBORHOOD in which he grew up, confides Abel Green, was so tough, and gangsters lurked there in such profusion, that kids who really took violin lessons carried their fiddles in paper sacks.

ROSCOE DRUMMOND

Senate Probers Featherdust Baker Case And End in Embarrassing Spot

WASHINGTON—The inadequacy of the Senate investigation of the Robert G. (Bobby) Baker case is coming home to roost.

It is putting the Democratic members of the Senate rules committee — and of the Senate itself—in an acutely embarrassing and untenable position.

What has happened is that the rules committee, after shrinking from questioning any senator about his relations with Baker — financial or otherwise — has received from its chief counsel a stern proposal that in the future all senators make such a total disclosure of income and business associations as to protect them from future suspicion.

THE PRIMARY PURPOSE of a congressional investigation is to provide the evidence, the documentation and the reasons for new legislation.

But the investigation of Baker has been so featherdusterish and restricted that it has provided no basis whatsoever for the strongest proposal of its chief counsel—full disclosure of income and professional and business contacts, a conflict-of-interest code almost as exacting as Congress applies to the executive branch of the government.

It seems to me that the position of the rules committee is particularly untenable for his reason:

ITS CHAIRMAN, Sen. B. Everett Jordan (D-N. C.), has sternly held to the line that "it was not investigating senators" and counsel Lennox P. McLendon backed him up by contending that the committee was "powerless" to question them. When this issue came to the floor of the Senate recently, 42 Democrats said, in effect: "That's the way we'd like it."

Therefore, no senators have been questioned by the committee concerning their relations with Baker when he was secretary of the Senate Democratic majority, and the committee has produced no evidence on which to base a recommendation that any conflict-of-interest law should be passed to govern senators.

Surely the conclusion which these circumstances require is that either the committee failed to discharge its responsibility by not questioning senators or counsel McLendon exceeded the evidence the committee developed by proposing that senators should be stopped from doing what the investigation has failed to show they were doing.

I SUBMIT THAT if the staff report to the committee proposing a new code of conduct and ethics for senators is appropriate, then the failure to investigate the conduct and ethics of senators in the Baker affair is inappropriate.

Is there any other logical conclusion?

How can the Democratic members of the rules committee vote to support the staff report urging that in he future "all senators respond to requests from any committee to testify" when they all voted against the resolution specifically empowering the committee to question senators in the Baker case?

OF COURSE, the Democratic members of the Senate rules committee don't have to be consistent. They can be in favor of senators testifying in theory and against senators testifying in fact; that is, when it might be embarrassing.

And that is exactly what has happened. This fact is now visible for all to see.

Atrocities Against Yanks Suppressed

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — U. S. authorities are suppressing shocking evidence of atrocities committeed against U. S. military personnel and intelligence operators captured by Communist Viet Cong guerrillas in South Vietnam.

Secret casualty reports of the Defense Department and the Central Intelligence Agency show that U. S. servicemen and covert agents were found dead after having been tortured and shot from behind.

Reliable military sources, with access to individual personnel files of both agencies, say a number of the atrocities are as shocking as those committed by the Chinese and North Korean Communists during the Korean war.

THEY REPORT THAT in one incident the bodies of two Americans were discovered with their hands tied behind their backs. The servicemen had been shot in the back of the head and their bodies hidden under jungle underbrush by their Red captors.

According to these inside Pentagon sources, no detailed report or over-all accounting of these atrocities has ever been compiled for presentation to President Lyndon B. Johnson or the National Security Council, highest U. S. policy making body.

These military experts stress that the Defense Department's failure to make a report is due to Secretary Robert S. McNamara and his chief civilian aides' flat refusal to recognize these brutal slayings as atrocities, although the evidence is overwhelming that the servicemen were killed after being taken prisoner.

THEY POINT OUT that McNamara and his aides have cold-bloodedly held in private talks that the atrocities be listed as "regular casualties," contending that the killings were committed in the heat of battle.

CIA Director John McCone is supporting the policy of not making the atrocities a public moral issue, as it has been a long-standing policy of the Central Intelligence Agency never to reveal details of how or when their agents die, despite the Communist brutality in South Vietnam.

In several incidents South Vietnamese working for the CIA have been found floating in rivers and swamps with their hands, arms, legs and heads cut off. The Viet Cong butchers use these torture methods of slaying CIA agents to dissuade other Vietnamese from becoming informers or operators for the U. S.

THE LATEST CIA estimate on Laos reveals that Communist Pathet Lao fighting under North Vietnamese officers used poison to kill more than 100 anti-Communist tribesmen, supplied and armed by the CIA, after they were overrun in recent fighting in that Southeast Asian nation.

Ambassador Henry Cabot Lodge's mysterious silence on the atrocities is the big puzzler among U. S. military officers who briefed the former U. N. ambassador.

In November, 1953, Lodge won world-wide acclaim by condemning the North Koreans and Chinese Communists for their atrocities in Korea.

During his briefings in Saigon, Lodge expressed deep personal shock over the new atrocities, but he has made no recommendations to Washington.

Where Does One Turn When Dial-A-Prayer Not Working?

DIAL-A-PRAYER IN San Rafael is still having trouble with connections.

Anyone needing spiritual help recently would have gotten this:

"This is the telephone man. This recorder is being repaired. Would you please call back tomorrow."

That was a little better than the jolt severol months ago when the recorded voice of the operator announced that the phone was "temporarily out of service."

Dial-a-prayer in Novato is still humming along, but I've never gotten a busy signal there.

Wonder what would happen if LBJ picked up the direct line to the Kremlin and got a busy signal? Something to worry about.

SPEAKING OF telephoney things, the Marin telephone directory lists the Marin County Humane Society with the number of 453-7812. Right below that is: "Night emergency call . . . 453-7812."

"Arf."

Since the canine SS missed the incident of the wandering basset, I suppose it is safe to tell. We won't use the dog's name, however. It's always best to be on the safe side.

Mrs. Edward B. (Nancy) Hayden of 308 Santa Margarita Drive, San Rafael, tells this one. She rescued the basset from under the wheels of rush-hour traffic in San Anselmo one evening. Not finding any owner around, she brought the basset home.

INSPECTION REVEALED a phone number on the dog's collar — a Novato number. She was just starting to dial when she looked out the window and saw a young girl "dognapping" the basset.

"Hey," Mrs. Hayden shouted, "that's not your dog."

Turned out it was, too, her dog.

Talk about coincidence. The owners of the lost dog had come from their Novato home to visit Mrs. Hayden's neighbors. Lucky dog.

SAN RAFAEL'S MAY in Marin Parade proved that it can happen here. And it's going to happen at least once again.

The Grand Parlor of the Native Sons of the Golden West, making bookings far in advance, recently selected San Rafael for its 1965 Admission Day parade. The group's parade this year will be in Solano County.

Admission Day, 1965, will mark the 115th anniversary of California's entry into the union.

Pupils To Give Book In Braille

Glenwood School in San Rafael will send a delegation to Marindale School in Terra Linda tomorrow, to present a blind pupil with a book in Braille.

Marjorie Ross, 10-year-old daughter of Mrs. Bernard Ross of 41 Maple Drive, Woodacre, will receive the copy of "The True Book of Our Post Office and Its Helpers." Giving her the book as representatives of Glenwood's fifth grade class will be Pamela Hull and Paul Balestracci.

ART BUCHWALD

It Really Doesn't Take Much Aid To Help Our Good Friends

WASHINGTON—When the country of Nonamura in Central Africa started having troubles with tribes in the north, it asked the American ambassador for advice.

The American ambassador said he didn't know much about military affairs, but perhaps the United States, as a gesture of friendship, would send a military advisor.

A U. S. Army sergeant was dispatched from Tripoli. In a few days he wrote his superiors: "I am shocked to find Nonamura soldiers still using poison darts, spears and World War I rifles. Urge immediate shipment of up-to-date small arms."

THE REQUEST WAS approved and the Nonamura army not only received surplus American small arms, but three advisors, led by a captain.

The captain and advisors distributed the small arms, but realized that if they were to be effective the Nonamura army would need transportation. The captain cabled: "PLEASE SEND U. S. TRUCKS AND WEAPONS CARRIERS WITH TEAM OF TRANSPORTATION SPECIALISTS AT ONCE."

The transportation specialists, commanded by a major, showed up and after studying the situation the major cabled back: "IN ORDER TO MAKE USE OF WEAPONS CARRIERS AND TRUCKS I STRONGLY ADVISE IMMEDIATE DISPATCH OF TANKS."

ONE HUNDRED TANKS with 990 tank experts, commanded by a colonel, were shipped in. Unfortunately, while the colonel was setting up the tank school, the rebel tribesmen overran a government position and stole most of the weapons supplied by the U. S.

The colonel flew back to Washington to make a report. He advised the Pentagon to replenish the stolen weapons and, while they were at it, to include some flamethrowers, rockets, anti-aircraft guns and long-range artillery.

The Pentagon took the colonel's advice and the equipment was sent with a division of advisors from Fort Benning, Ga., commanded by a major general.

HE NO MORE than got settled when he shot off a wire to the Joint Chiefs of Staff: "IMPOSSIBLE MAKE ANY HEADWAY IN NONAMURA WITHOUT AIR SUPPORT. STRONGLY ADVISE YOU SEND TWO SQUADRONS OF F-105 FIGHTER AIRCRAFT PLUS TRAINING PERSONNEL."

The joint chiefs sent two squadrons of jet aircraft and an entire training wing supplied by the Navy and headed up by a vice admiral.

Unfortunately, at that moment the Nonamura government was overthrown and replaced by a military junta. The admiral cabled Washington: "CORRUPT CIVILIAN GOVERNMENT REPLACED BY SERIOUS NONAMURA GENERALS. STRONGLY URGE YOU RECOGNIZE AT ONCE AND GIVE THEM 50-MILLION-DOLLAR LOAN."

A MONTH LATER, a U. S. Air Force four-star general, who had replaced the admiral, wired the State Department: "CORRUPT MILITARY JUNTA REPLACED BY PRO-WEST NONAMURA COLONELS. WE MUST BACK THEM IF WE HOPE TO DEFEAT REBELS."

By this time Congress and the press were getting interested. We had 200,000 military advisors in Nonamura. The president did the only thing he could do under the circumstances. He sent his secretary of defense to give him a first-hand report. The secretary cabled the president: "WAR GOING WELL BUT NONAMURA NEEDS MORE MILITARY AID AND LACKS ONLY 124 MILLION DOLLARS."

This was immediately voted by Congress.

Today is Wednesday, **May 27,** the 148th day of 1964 with 218 to follow.

The moon is approaching its last quarter. The morning star is Saturn. The evening star is Venus.

On this day in history:

In 1860, Giuseppe Garibaldi invaded Sicily with 1,000 "red shirts" and captured Palermo in his drive to take over the kingdom of Naples.

In 1937, a one-week's celebration marked the opening of the Golden Gate Bridge.

In 1941, after a pursuit of 1,700 miles, four British battleships torpedoed and sank the German battleship Bismarck.

In 1954, more than 100 crewmen were killed and 200 injured in an explosion aboard the U. S. aircraft carrier Bennington off Rhode Island.

A thought for the day — Florentine statesman Machiavelli said: "Fortune is the arbiter of half of our actions, but she still leaves us to direct the other half."

TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey. Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Lightface type indicates a.m. times; **bold-face type** indicates p.m. times.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Make Dummy Ruff Early In Game To Remove Bridge Trump Entry

If you played today's hand at rubber bridge you would go on to the next hand with both sides vulnerable.

South would take 11 tricks, and nobody would give a second thought to the hand. The hand got a second look because it was played in a tournament, where one pair of East-West players succeeded in defeating four hearts.

Opening lead — ♠ K

At most tables West opened the king of spades and shifted to a trump or a club.

TWO ROUNDS

It made little difference. South could draw two rounds of trumps with the ace and king, and then lead a diamond.

East could hold declarer to 10 tricks by refusing the first diamond and then leading a spade.

South would then have to discard from dummy, since a ruff would remove the entry to the good diamonds. The opponents would thus get a second spade trick, but then South would take the rest.

URGENT SIGNAL

At one table East executed an urgent signal by dropping the queen of spades at the first trick. Such a signal means "Partner, lead the suit again. What's more, lead a low card."

West could see the advantage of making dummy ruff early, so he obediently led a low spade.

South dared not discard from dummy, since East would win the trick and shift to clubs.

SECOND SPADE

Declarer ruffed the second spade in dummy, drew one round of trumps with the king, and led diamonds. East refused the first diamond, took the second, and shifted to the jack of clubs.

South was now washed up. If he finessed, the finesse would lose. If he put up the ace of clubs and led a trump to dummy's queen, East would ruff the next diamond.

South was doomed to lose two clubs.

QUESTION

Partner opens with one club, and the next player passes. You hold:

♠ K 8 4
♥ 8 7 5
♦ Q 9 6 4
♣ 9 6 5

What do you say?

Answer: Pass.

You need 6 points for a sound response to partner's opening bid, and this hand counts to only 5 points. If you are going to look for trouble wait until you have a better hand.

P-TA Group Gives Approval To Decision On Prayers

CHICAGO (UPI) — The resolutions committee of the National Congress of Parents and Teachers (P-TA) yesterday gave tacit approval to the supreme court's decision forbidding prayers in public schools and said "responsibility in spiritual matters properly belongs with the home and church."

A resolution approved by the committee and submitted to the national PTA convention urged PTA member to "accept their responsibilities in these matters."

The resolutions group also proposed that the national parent-teacher organization work through "just and peaceful solutions" to eradicate "injustices and inequality of educational opportunities and inequality of work opportunities" because of race, color or creed.

The proposal on prayer and Bible reading in public schools noted that "religion is fundamental in our American tradition as a basic factor in personal and social behavior, and every child is entitled to the opportunity to develop a religious faith."

It said the home "should be the most constructive influence in building a child's character, sense of values and conception of the world" and the church "offers a way of life for reaching higher spiritual values.

Two Drivers Get Drunk Fines

Two men were fined in Marin Municipal Court yesterday for drunken driving.

Gustav Frederik, 61, of Santo Rosa, was fined $276 and given a 10-day suspended jail sentence. He was arrested April 4 on Highway 101 by California Highway Patrol.

Best English Student Is Given Trophy

Michele Slavich, Sir Francis Drake High School senior, is recepient of the John McGlynn trophy for the best English student in Tamalpais High School District.

She was selected by Supt. Chester G. Carlisle on the basis of grades and over-all contributions in English. Each of the three high school principals had submitted the name of an outstanding student.

The McGlynn trophy, presented for the first time this year, will be engraved with Michele's name and will stay at Drake next year. Michele will receive a certificate.

She is a daughter of Mrs. Francis L. Slavich, 56 Tamalpais Avenue, San Anselmo.

The trophy was presented and the competition initiated by John McGlynn, who is retiring this year after teaching in the Tam District since 1944.

Receives Degree

Elinor Tidman, daughter of Robert Tidman of 221 Madrone Avenue, Larkspur, received her bachelor of arts degree in literature Sunday, in the 57th annual commencement ceremonies at Reed College, Portland, Ore.

School International Clubs Slate Retreat

International clubs of Marin County high schools and their exchange students will meet for a two-day discussion retreat this weekend at Forest Farms in Forest Knolls.

The Drake Diplomats, Drake High School's club, are co-sponsoring the retreat with Redwood. It is designed to unite the various clubs and to give them an opportunity to discuss common problems and interests.

The guest speaker will be Hagen Bruckner, a 1959 Drake graduate who has been with the Peace Corps in Colombia, for the last two years. He is a native of Rumania, grew up in Germany and then moved to America.

In Colombia Hagen built 11 schools, one of which was partially financed by money from the Drake Diplomats. He is going to talk on his experiences in Colombia and the Peace Corps procedures.

Russ Richeda, vice president of the Drake Diplomats said that it was hoped the weekend retreat would become an annual affair, sponsored by a different school each year.

Paid Political Announcements To Be Exempted

WASHINGTON (AP) — Paid political announcements and programs will be exempted from the over-all time limitations on advertising under the radio and television codes, the National Assn. of Broadcasters said yesterday.

The NAB radio code board approved the exemption in a mail referendum. The television code review board approved a similar step at a meeting last week.

Paid political announcements have been counted as regular commercials in the time standards.

Howard H. Bell, code authority director, said this could place an undue burden on the broadcaster "during the hectic political season . . . especially when we consider his responsibilities under the equal time provisions of the communications act."

Homestead Players Starting Fourth Year Of Theater

Mill Valley's Homestead Players will commence their fourth year of little theater at their annual membership meeting at 8 p.m. June 10 at Brown's Hall, when they will elect new officers and plan for a fall production, Margaret Kelly, president, said today.

Mrs. Kelly said that a report will be made by a special committee on selecting a play for October production and she invited anyone interested in amateur theater to attend.

Serves In Germany

Pfc. John A. Luxton, son of Harold J. Luxton, 50 Merrydale Road, San Rafael, represented the U. S. Army with other members of the third battalion of the third armored division's 36th infantry at the North Atlantic Treaty Organization ceremonies in Bremerhaven, Germany, this month.

Nominations for officers may be made from the floor.

These persons have been proposed by the nominating committee: Edward Weber, president; Mrs. Kelly, vice president; Pat Bebout, secretary; Sylvia Bijok, treasurer; Jack Eshleman, publicity chairman.

Redwood Phone Company Wins

SAN FRANCISCO (UPI)—Redwood Empire Telephone System yesterday won a fight with Pacific Telephone and Telegraph Co. over authorization to serve a 100 square mile area along the Pacific Coast north of Russian River to Stewart's Point.

The California Public Utilities Commission authorized Redwood to provide its exchange service by July 1, 1965 and turned down a similar application of Pacific Telephone's.

The commission said Redwood now has a Cazadero exchange in the area, and that Pacific Telephone has 53 public and semi-public toll stations but it noted that Pacific Telephone had been the subject of many complaints.

E Street School Legal Battle Due Settlement Soon

Title May Be Cleared In 60 Days, Attorney Says

By RICHARD LYTTLE

San Rafael's legal match of the century, the one that will settle title of the E Street School, may be all over in 60 days.

It's been a great battle, revealing some legal combinations rarely, if ever, shown before. There were not just one, but two cemeteries involved—one of them private and one public. This one-two punch just about floored legal challengers.

County Counsel Douglas J. Maloney, who first took on the battle while assistant county counsel, said yesterday that title may be cleared in 60 days.

Next step is a court hearing involving the strips of land between designated burial plots in the private cemetery. Strange to tell, no one is believed to have been buried in either the private or the public cemetery.

Need to clarify title on the land came up with the San Rafael Board of Education's proposed sale of the school. A portion of the land, a strip facing Fourth Street, has already been sold. But it was not involved under the cloud of the cemetery ghosts.

The southern portion of the land on which the school sits is involved. The southwest corner has been taken by the City of San Rafael for extension of Third Street.

The public cemetery, assigned under a 1880 law to city ownership, has been cleared up as far as title legalities go through an earlier court action in which the school district had to bring suit to prove its claim to the land.

A similar litigation involving streets, not cemeteries, in Red Bluff was recently decided by an attorney general's opinion. The attorney general said title on such streets and alley can be conveyed by a judge.

Maloney said this ruling would have permitted the Marin County Superior Court to convey title in the public cemetery from the city to the school district.

However, the attorney general's ruling came too late for the school district. Maloney said. The conveyance has already been accomplished through court action.

If no further difficulties come forth in the suit on the private cemetery—that is if no one comes forth, living or otherwise, to lay claim to the space between the plots—then title can be certified and the school district can sell its land.

Meanwhile, the San Rafael Board of Education wants to continue using the building and does not need the title to it as urgently as it did some months ago when the board was hoping for a fast sale. Only clearance of title needed now is on the corner where the city will extend the street.

The school district, as plans shape up now, will probably use the old school for administration offices for some time to come.

Had the title trouble not developed, it would have been sold last year.

Excise Tax On Alcohol Rises

SACRAMENTO (UPI) — Excise tax on alcoholic beverages rose 9 per cent in the first quarter of the year and made up for lagging cigarette tax revenue, the State Board of Equalization reported yesterday.

The state collected 13.7 million dollars in taxes on the sale of hard liquor, beer and wine during the first three months of 1964.

The board said 11.2 million dollars came from the sale of 7.4 million gallons of liquor. The state got 2.4 million dollars on 61 million gallons of beer, and $225,000 on 10 million gallons of wine.

Wine sales were up almost 10 per cent over the same period last year, the board said.

Dance Decision Is Due Monday

Mill Valley Youth Council members decided Monday night to hold summer dances twice a month at the municipal golf clubhouse, the first to be held Friday at 8 p.m.

The game room of the clubhouse will be open enabling youngsters to play pool, said Les Mize, council co-director. Dances are for junior high students.

The council is also planning to hold dances during the summer for high school-age people but none have been scheduled. Twenty-five attended the meeting.

Battery, Resisting Case Is Scheduled

Entry of pleas by Mrs. Gladys Alchnetta Gray, 34, charged in Marin Municipal Court with battery and with resisting officers in discharge of their duties, was scheduled yesterday for 1:30 p.m. next Wednesday.

The woman, of 79 Cole Drive, Marin City, was cause of a riot Sunday night involving about 150 Marin City residents who interferred with her arrest.

To a plant, periods of uninterrupted darkness are so important that a greenhouse plant can be tricked if light is shone on it at night. Nurserymen regularly use this knowledge to hold up chrysanthemum blossoms until such occasions as big football weekends in late fall.

PUC Decides For PG&E In Case

SAN FRANCISCO (UPI)—The California Public Utilities Commission refused yesterday to require Pacific Gas and Electric Co. to absorb the costs of partial undergrounding of the electric lines in Santa Rosa.

The matter was raised in the commission by the Santa Rosa Home Buildings and Developer's Council, which said that a city ordinance has required the undergrounding since March 1.

The commission said that under a previous rule the person who requests undergrounding must pay for the increased cost.

It also said that the home builders were in effect asking for rate changes, but that they did not have the necessary number of proper applicants for such a petition.
